S. T .- 1800: - X. - The amount of Plantation

Bittere sold in one year is something startling.

They would fill Broadway air feet high, from the Park to 4th street. Drake's manufactory is one of the

institutions of Hew York. It is said that Prake

painted all the reeks in the Kastern States with his

cabalistic " 3. T .-- 1860. - X." and then gut tre old

grandy legislators to pass a law "preventing disfi-guing the face of nature," which gives him a mone-poir. We do not know how this is, but we do

know the Plantation Bitters star as no other article

ever did. They are used by all classes of the com-

Homer's real name was O'Meara; Odysseus and Orion display their nationality to the most unob-serving eye, while even Uca egon, the Trojan, where houss was burnt by the Greeks, is proved to be an ancestor of one Dr. O'Callaghan, who also, by a singular coincidence, had his house burnt at Cork.-Times.

Some people are never contented. After having all their limbs broken, their heads injured, and their brains knocked loose in a railway accieent, they will actually go to law, and try to get farther damages.

THE GREAT MEDICAL WANT SUPPLIED .- ASE BEJ medical man what has been the great desideratum in the practice of physic for e aturies? He will answer, purgation without pain or mausta; without subsequent constipation ; without detriment to the strength of the patient. Inquire of any individual who has ever tried BRISTUL'S SUGAR COATED P LLS, if they do not accomplish this object. Of the multitudes that have used them, not one will answer no. The family testimony to their efficecy is the strongest ever adduced in favor of any cathertic. Upon the liver their effect is as salutary as it is sur prising. In fever and agne and billous remittent iever they work such a beneficial change in a brief period, as can only be realized by those who have experienced or witnessed it. No man, or woman, or whild, need suffer long from any derangement of the stomach, liver, or bowe's, in any part of the world where this sovereign curative is obtainable.

They are put up in glass vials, and will keep in any climate in all cases arising from, or aggra-vated by impure blood, BRISTOL'S SARSAPA-RILLA should be used in connection with the Pills. 420

"LET ME LIVE AND DIE AMONG THE FLOWERS," said an onthusiastic Italian. This might be diffi ult, for few of us can live always among the roses. It is possible, however, to breathe a floral stmosphere oven in a flowerless land. No tropic bloom exhales a more enchanting odor than that which Chemistry has wedded to each drop of MUR-LAY & LANMAN'S FLORIDA WATER. Every bottle of it is a fragrant nosegay, which cannot be blighted, and whose delicious aroma knows neither change nor decay. Flowers, the sweet censers of Nature's temple, are but transient things, out their fragrance, as concentrated in this exquisite toilet water, is not for a day but for all the 528ume.

TF Purchasers are requested to see that the words For young men and Mechanics, from Seven to Min "Floride Water, Murray & Lanman, No. 69 Water Street, New York," are stamped in the glass on each bottle. Without this none is genuine.

DISEASES OF THE KIDNEYS. -It is said that twothirds of the civilized inhabitants of the world are sifficted, more or less, with disorders of the kidneys and the liver. Unquestionably kidney diseases have of late years become more frequent and unmanageable, especially in hot climstes. Nothing seems to produce such a marked effect upon them as BRIS-TOL'S SARSAPARILLA. When the uric and liphic acids are in excess in the urinary secretion (and this is the cause of most of the class of diseases in question , the alkine properties of the Sarsaparilla quickly stop the progress of the trouble, while its tonic operation strengthens the relaxed organs and restores their natural action. BRISTOL'S VEGE-TABLE PILLS should be used at same time with the Sarsaparilla, so that the bowels may assist the kidneys in carrying off the vitiated matter set free in the system by the latter medicine. 507
