

SANMETTO IN POST-GONORRHEAL GLEET.—Dr. Percy Newell, L.R.C.P.I., L.M., L.R.C.S.I., member British Medical Association, Crowborough, Sussex, England, writing, says: "I had a very obstinate case of gleet (post-gonorrheal) under my care which did not show any sign of going and was beginning to worry my patient. I had tried every remedy suggested in different works on surgery and therapeutics, but the wretched thing persisted. I put the patient on Sanmetto, a dose three times daily; in a week the thing was practically cured. I shall always keep Sanmetto in my surgery."

WORTH KNOWING.—The following strong tribute to the merits of Imperial Granum is from one of the most eminent physicians of Philadelphia:—"I have had faithful trials made of Imperial Granum, and can announce it to the profession as a good, reliable food as a substitute for mother's milk in little babies afflicted with any digestive derangement, but

especially in enteritis or what is commonly known as summer complaint." Physicians can obtain samples of this most valuable food free, charges prepaid, on application to John Carle & Sons, 153 Water St, New York City.

I HAVE prescribed Unguentum Resinol in cases of eczema capitis, eczema facialis and seborrhœa with the happiest results. Again in pruritis ani, its prompt and effective action was quite pleasing to my patient and satisfactory to me. I can recommend its use to physicians in such cases and am sure it will retain a permanent place amongst the best remedial agents of its class. Very truly,

M. H. O'DANIEL, M.D.
Macon, Ga., August 28th, 1897.

WANTED.

Locum Tenens wanted to take charge of medical practice in town and country. Reply to this office, stating qualifications and experience.

THE ALMA

is a solid brick building open all the year. Situated in a healthful climate free from malaria. Amusements and pleasures are rife for convalescents. Two valuable and distinct mineral waters. Cuisine unexcelled. We solicit investigation. Write for illustrated book.

THE ALMA

Alma, Mich.

A thoroughly scientific institution for treatment of chronic rheumatic, kidney, liver, stomach and bladder diseases. "Neurasthenia" and women's diseases receive special attention. No cases of insanity or tuberculosis received. Hydro and electro-therapeutics are prescribed by physicians and administered by trained nurses. Complete rest is available. We protect the physician's interests. Special rates to physicians and their families.

Elmore S. Pettyjohn, M.D.,
Medical Superintendent.
