**T**HIS Company will sell its instruments at prices  
ranging from \$7 to \$25 per set. Its "Standard  
Bell Telephone Set," (protected by registered  
Trade Mark) designed especially for maintain-  
ing a perfect service and used by the Company in con-  
nection with its Exchanges, is superior in design and  
workmanship to any telephone set yet offered for sale  
This Company will arrange to connect places not hav-  
ing telegraphic facilities with the nearest telegraph office,  
or it will build private lines for firms or individuals, con-  
necting their places of business or residences. It is also  
prepared to manufacture all kinds of Electrical ap-  
paratus.  
For particulars apply at the Company's Offices as  
above.

Fabrics**

SERGES, CRAVENETTES, CREPONS, and their  
Celebrated EUDORA CLOTH.

**Mercantile Summary.**

G. F. & J. GALT, wholesale grocers, Winni-  
peg, Man., have issued a circular to the trade  
stating that they "have decided to discontinue  
handling butter and eggs." The circular says :  
"In future all consignments of these goods will  
be handed over to some reliable commission  
house to be disposed of for the shipper." This  
decision has been made on account of the  
changed conditions in the produce trade, which  
renders it impossible for wholesale grocers to  
do justice to the business.—*Commercial.*

It is stated by the Charlottetown *Guardian*  
that Messrs. George Carter & Co. have pur-  
chased the stock of the Bazaar Store, which  
business is now amalgamated with their own.  
Messrs. Carter will remove into the Bazaar  
Store premises as soon as the alterations are  
made. Mr. Watson, druggist, has secured the  
premises now occupied by Messrs. Carter as  
their seed and stationery store, and will move  
into his new premises as soon as they are  
vacated by Messrs. Carter, and the store has  
been fitted up suitably for the drug business.

At the Huntingdon council last week the  
village fathers wrestled with the fire engine  
question. The Waterous Works at Brantford  
offered to furnish a No. 2 engine, 1,000 feet  
hose, hose reels, hook and ladder truck, and all  
appliances, for \$3,100. After some discussion  
the opinion of the council was declared that it  
should purchase a No. 2 Waterous engine, but  
not at once—there must be no precipitate  
action, it seems. The engine committee were  
requested to ascertain what quantity of good  
hose was on hand, if the present hose reel  
would do, and report at next session.

The following table, prepared from reports  
of the Chicago Board of Trade, shows the stocks  
of wheat in store and afloat at the principal  
points of accumulation on the lakes on March  
23, 1895:

	Wheat, Bushels.	
	In Store.	Afloat.
Chicago . . . . .	24,095,000	2,360,000
Duluth . . . . .	11,786,000	85,000
Milwaukee . . . . .	701,000	.....
Detroit . . . . .	1,172,000	444,000
Toledo . . . . .	2,151,000	299,000
Buffalo . . . . .	2,464,000	295,000
Total . . . . .	42,369,000	3,483,000

The stock of corn in store at that date was also  
ascertained to be 6,086,000 bushels—5,057,000  
of it at Chicago, and 2,870,000 afloat at Chi-  
cago and Buffalo.
