Order Now for Spring 1915 Planting

A FEW SPECIALTIES of the British Columbia Nurseries Co., Ltd.

GOAL APPLE. Tree bears a continuous ripening of delicious apples from July until December. The most remarkable apple ever introduced. Everybody should plant this wonderful variety. Fruit in all stages on the tree at one time.

VANDERPOOL RED APPLE. The longest keeper known. Heavy bearer. Beautiful to look upon—fine flavor.

VROOMAN FRANQUETTE WALNUTS FOR B. C. is our slogan. This is the only variety for this Province. Grow walnuts and increase our food production. Plant them this Spring, and be in the van of commercial planting.

Literature, fully describing the above, gladly mailed on application. We issue three catalogues—our General Eighty-page Catalogue, our Book of Roses, and our Walnut Booklet. Any or all for the asking.

Read this testimonial just received from Ontario:

"I planted the Vanderpool Red apple trees you shipped to me last Spring, and every one grew, after having travelled over 3,000 miles. Some of them made a growth of over two feet."

Representatives wanted throughout the Province to act for us in the sale of these Specialties and our FULL LINE of HARDY FRUITS and ORNAMENTAL STOCK. Write us today. Liberal inducements to permanent and part-time salesmen.
