

No. 495—*Mr. Watson (Assiniboia)*—October 18

1. How many new post offices were built in each province in Canada in each year since 1963?
2. What is the minimum postal revenue required to qualify for a federally owned post office?

No. 496—*Mr. McCleave*—October 18

1. What was the total value of rolled steel imported into Canada in 1966, from what countries was it imported and in what dollar volume in each case?
2. What was the amount of rolled steel imported into each province of Canada in 1966, by dollar volume?

\*No. 497—*Mr. Bell (Carleton)*—October 18

Will the government consider making immediate representations to the Corporation of the City of Ottawa to the effect that no amendments should be made to the municipal by-law governing the height of buildings in the centre of the National Capital until the proposed Special Joint Committee of the Senate and House of Commons on the National Capital has had the opportunity of considering the effect of high-rise buildings upon the architectural dominance of the Peace Tower and the Parliament Buildings generally?

**Notices of Motions for the Production of Papers—On Wednesday next**No. 25—*Mr. Grégoire*—October 18, 1967

That an Order of the House do issue for copies of all official correspondence between the Post Office Department and the Municipalities of Bagotville and Port Alfred, and all correspondence relating to the introduction of home delivery service from the Post Offices of Port Alfred and Bagotville, commencing October 16, 1967.
