4th April 1921.

Dear Sir,

On 1st February I had the pleasure of sending you a letter signed by Lord French in which he asked you to be so kind as to endeavour to open a branch of the Ypres League in Canada. As neither Viscount French nor I have received any acknowledgment of this I should be so glad to know whether you received the letter in question and whether, in that case you can see your way to do anything in the matter.

Should the letter have miscarried in the post, I am sending you herewith a copy of Lord French's letter to you of the 31st January.

Yours very truly,

H. E. Murat Major.
Secretary.
