

WHEAT ROSE ON EXPORT DEMAND

Large Increase in World's Supply Cause of Early Weakness.

CHICAGO, Jan. 13.—Export buying throughout the west raised the wheat market today and brought about a firm close, 1/4 to 1/2 above last night. Corn finished at 1/2 decline, oats varying from 1/4 to 1/2 off to a shade advance, and provisions with a gain of 5c to 17 1/2c.

A big increase in the world's available supply tended to make the wheat market rather soft during the first half of the day. The temporary weakness was emphasized by a heavy European crop advance. Absence of complaint that there had been crop injury by the cold winter weather, however, and prepared the way for the subsequent advance due to improved export demand.

Resting orders to sell flattened out the wheat market. Profit-taking by shorts checked the decline and led to some reaction. Buying for stock yards account gave the provisions market a lift. Grain interests, too, were said to have purchased freely.

STUDENTS ARE HONEST. Put Their Money in the Box and Pay All I.O.U.'s. A novel way of transacting business has been devised by the inmates of the north residence of Varsity, in which there is no person connected with a purchase but the buyer himself. No clerk is needed, for the fellows are upon their honor to place in the cash box the exact price of the article they appropriate. When the box was opened at the beginning of the present term a great many I.O.U.'s were found inside it, testifying
