LLOYD-GEORGE'S BILL

Introduced in House of Commons

-Opposition Will Cc-operate

in the Legislation.

LONDON, May 4.-David Lloyd-

George, in the house of commons to-day, introduced the long-promised plan

of state insurance against unemploy-ment, sickness and invalidity.

(approximately \$800) will be compul-

sorfly insured against illness, so as to assure him the receipt of five shillings

ward this the worker would contribute

about one-half, the saine being deduct-ed from his wages, while the balance

would be paid jointly by his employers

The weekly assessment against the

insured would be eight cents in the case of a man and six cents for a

Every one in the class mentioned be-

tween the ages of 16 and 65 is included

le government contribute four cents

Lloyd-George estimated that his plan would affect 14,700,000 men and women. Provision is made whereby women will receive 30 shillings in maternity

cases on condition that they do not work for a month following child birth,

and for free medical attendance for

The state would also help in the cru

owed for the first three months in the

case of men and seven shillings and

vited incapacity would receive no in-

treatment would be provided.
Lloyd-George estimated that the ex-

at first apply only to the engineering,

ments would be made in the case

J. Austen Chamberlain supported the

bill, saying that the opposition desired to co-operate in the legislation.

Mark Envelopes for Mail Orders for Goods on this Page 'City Ad."

The EATON Piano is But \$185.00 and is Guaranteed for Ten Years

The very fact that we are satisfied to guarantee a Piano for ten years, shows what confidence we have in this instrument, and we more than guarantee it. The written agreement is but a matter of form. We're thoroughly convinced that the EATON is the very best that can be procured for the money, and, if you find otherwise, we want you to let us know, no matter how long you have been using the EATON. You are allowed a three-months' trial of the EATON. In three months a Piano can be put to almost every reasonable test possible. You have really not purchased the Piano till those three months are up, for any time during that period a phone message will have the Piano brought back to the Store.

The EATON is an ideal Piano for the summer home, as it's made for use in Canada, and climatic conditions do not affect it. In appearance it is a beautiful instrument, graceful and artistic in design and high-class in every particular; this, coupled with the sweet, resonant tone, and its responsive action, qualifies it for the consideration of advanced players. While the extra low price-\$185.00—recommends it to those wishing a Piano for general home use. Have the EATON demonstrated for you. We'll be pleased to tell you all about it. On display in Music Hall, Third Floor.

Store Closes Saturday at 1 P. M.

Both) the to navigation in the river at this point, workers and the employers would pay under which certain rights were for-five cents weekly each, the state con-tributing \$3,750,000 a year, or about one-treaty, and on a former debate in the fourth of the total cost. The contributions, the minister of justice and Hontors, when unemployed, would receive C. J. Doherty advanced conf.icting

a maximum of 15 shillings and a mini-yiews. mum of seven shillings weekly. No The The argument of the opposition seems to have prevailed, and the amendment as now drafted gives to the commissioners the right to withhold assent to the "crection and maintenance of any dams or locks in any or all of the channels of the St. Lawrence River, mentioned in section vii. of the Ash-burton treaty upon either side of the boundary line for any purpose whatso-ever, or to pass upon and determine the question as to whether or not any proposed dams or locks at said place, will er not either impair or improve

navigation. Inasmuch as the Canadian Government maintains a canal at this point which really improves navigation, and those promoting the Long Sault power project are willing to safeguard maritime rights at this place, it would seem as the the main objection to the matter had been amicably and satisfactorily It is understood that the chief ob-jection to the proposed clause comes

from the premier. Sandbagged and Robbed. MONTREAL, May 4.-G. E. Smart, accountant in the offices of the harbor commissioners' office, was found drug-

ged and stunned in the hall of the building this morning. Thugs sandbagged and robbed him on the harbor front on his way home from work last evening and got away with a fine gold watch and some \$30 in bills. Mr. Smart came to in a lane near the commissioners' office early this morning and was just able to struggle to the offices, where he again collapsed.
