MEMBERS REFLECT

WESTERN OPINIONS

Rev. Dr. S. G. Bland Says it is

Solid for Winning

of War.

LABELS CAST ASIDE

People Are United in Sup-
port of Public

Ownership.

"The west is patriotic, ethically

sound, and for the first time in its

history, united. It is a unit for win-

ning the war and for the principle of

public ownership." This was the de-

claration of Rev. Dr. Salem G. Bland

of Winnipeg to a reporter for The

World yesterday, who interviewed

Dr. Bland as he was about to board

the train at the Union Depot for Hamilton

and the west.

"The west," he said, "will have a

fine representation in the next par-

liament. Our people have cast aside

the old party labels and have select-

ed men to represent them at Ottawa

who will truly reflect western senti-

ment, and that, I am sure, I can

assure you, is Canadian to the core.

We have great hopes of the western

ministers in the Union government.

Mr. McKeigh is already well known,

and Mr. Cramer is a man of outstand-

ing ability. Mr. Calder I do not know

so well personally, but I am told that

he is an able and courageous man,

who will make his mark at Ottawa.

Hon. Arthur Sifton is perhaps re-

garded in the east rather as an astute

politician than as a great statesman,

but you must remember that for

many years he has been the direct-

ing force of probably the most pro-

gressive provincial government in

Canada."

"Will the tariff cause any dissen-

sions in the west?"

Favor Public Ownership.

"I think not, provided some reason-

able relief is granted. Personally, I

think the blessings to flow from pub-

lic ownership will do away with many

complaints about the tariff.

People are a unit on the subject of

public ownership, and the recent ac-

tion of the railway board in raising

rates has undoubtedly crystallized

western sentiment in favor of the

immediate nationalization of all the

railways of Canada."

Dr. Bland is one of the best-known

men in the west, having been

years a professor at Wesley College,

Winnipeg. He is a great favorite

with the grain-growers, and is al-

ways invited to attend the annual

conventions in all three of the prairie

provinces.

He is a free trader and social re-

former. One of his latest efforts

the laboring classes in the cities, than

he is with the farmers. He was

renominated several months ago as the

Unionist candidate in the federal

election in Centre Winnipeg, but

because of common sense, but subse-

quently withdrew in favor of a returned

soldier.

ARRANGE CAMPAIGN

FOR PATRIOTIC FUND

This Will Be Held in Third Week of

Present Month.

Arrangements to hold a campaign

to raise three million dollars were

made at a meeting of the organiza-

tion committee of the patriotic fund

and Canadian Red Cross yesterday

at the office of H. H. Williams,

chairman of the committee. Ar-

rangements were made to hold a mass

meeting in Massey Hall on Monday,

Last of the Old Circuit Riders

of Ontario.

Godfrey in Saskatoon last Monday

there passed away one of the last of

the old circuit riders, the pioneers of

Methodism in Ontario. The late Mr.

Godfrey was born eighty-nine years

ago in Milltown, Kerry County, Ire-

land. He came to Canada at the age

of seventeen. He taught school for

some years in Wellington County and

then entered the Methodist ministry.

He was in the active ministry for over

forty years, and was superannuated

in 1894. At the time of his death he

was living with his daughter, Mrs.

Porter Gibson, at Saskatoon, Sask. He

was in good health and full possession

of all his faculties until a few days

before his death.

General Sessions.

guilty to the charge of wounding

George Roschuk on or about Nov. 24,

strong recommendation for mercy. He

was charged with stealing a motor

car, the property of his cousin, H.

Brennan.

A verdict of not guilty was return-

ed against R. Robinson, on the same

charge. According to the evidence,

McEduards picked up the car on

Marlboro street on Nov. 24, and called

to Robinson, who was standing near

to drive it around the block. During

the trip around they ran into a tele-

graph pole and the car was smashed

CONSCRIPT ALIENS, SAY THE VETERANS

Returned Men Would Have Them Interned or Placed in Industrials

G. W. V. A. opinion, as expressed by those in authority, is unanimously in favor of dealing summarily with the alien in this country. Both Provincial Secretary Turley and Secretary O'Connor, of the Toronto district, favored the strongest measures against the enemy alien and conscription for the friendly alien, in-
Justice, if not military.

W. E. Turley voiced his feelings in no uncertain terms, but was aware of the possibilities likely to arise from unqualified statements. "We must not forget the feeling of labor in this matter," said Mr. Turley. "The working man senses, perhaps, the possibility of undue exploitation by the alien. Well, we must guard against that by legislation. Pay the friendly alien the current wages, but deduct all except \$1.00 a day, or 70c a day and sufficient for maintenance out of that current daily wage, and have the remainder placed in a general fund under government supervision with a view to
