ON THE INSURANCE QUESTION

Aldermen Again Face Problem—Where City Would Gain.

That the City of Toronto should carry its own insurance seems to be the consensus of opinion on the board of control, who have not come to a definite decision yet, however.

City Treasurer Coady's report shows the total amount paid in insurance by the city during the years 1895 to 1905, inclusive, as $149,157, and the amount received for losses $64,069, divided as follows:

	Premiums.	Losses.
Public buildings	$123,674.42	$48,088.35
Public schools	12,685.91	15,544.52
High schools	1,780.34	90.00
Technical schools	347.50	.....
Separate schools	3,603.97	94.00
Public libraries	7,095.53	250.00

The matter will stand over for the present and the city treasurer has been instructed to furnish figures in one year instead of three-year contracts.

DRINKS KEG OF BEER.

Scranton, Sept. 1.—Frank Ringer, a teamster, on a wager of $10 with Stephen Spotte, a cigar manufacturer, that he could drink a quarter keg of beer in an hour, accomplished the feat to-night in 28 minutes. A quarter of beer contains eight gallons. Ringer was affected very little by the achievement, altho he admitted that his thirst was almost slaked.

FIRED REVOLVER SHOT.

Some joker fired a revolver shot at the corner of Richmond and Yonge-streets about 9 o'clock last night. The bullet went whizzing past the ear of George Lambert, a visitor in the city, but did not do any damage. The gunuser vanished along East Richmond-street before the arrival of a policeman.

THE MOSQUITO'S DEADLY STING

No pain after applying Nerviline to the sore spot—just a drop or two and the soreness vanishes. For summer complaint, headache, cramps and nausea, nothing equals Polson's Nerviline, and only 25c. a bottle; get it to-day.

The Mendelssohn Choir hold their first rehearsal for the season on Tuesday evening, Sept. 12. The chorus, which will be slightly augmented in numbers, will then commence the study of Beethoven's Ninth Symphony, Mendelssohn's Walpurgis Night, and Brahms' "Olaf Trygonson," all for chorus and orchestra. The Pittsburg Orchestra, under Emil Paur, has been re-engaged for this cycle of concerts. Mr. Vogt has, thru his close touch with the leading English composers and choral societies, secured several very beautiful novelties in a capella music, and it is safe to say that the programs for the concerts in February next will exceed that of any previous season, both in beauty, in finish and in interest.

MEN OF ALL AGES

suffering from the effects of early folly quickly restored to robust health, manhood and vigor. Lost Manhood, Premature Decay, Weak Memory, Errors of Youth, Night Losses, Varicocele, forever cured.

BOARD OF WORKS BUSY DAY LOOP LINES REFERRED BACK

Much Discussion and Another Delay in Street Railway Problem—Motion to Widen Devil-Strip.

The board of works yesterday afternoon dealt with the loop line question and referred back a portion of city engineer's report. Stewart Houston was there to represent Massey Hall and opposed the Victoria-street extension. The Shuter-street extension was not to be objected to.

Ald. Noble advocated the widening the James-street roadway on the west side of the city hall. Considerable opposition was made, however. The city engineer opposed it because it would cost $4000 or $5000 to take up and renew the pavement. Ald. Noble wanted it widened 10 feet with an 8 foot granolithic pavement on the west side.

"The boulevard now takes up 18 feet of the road," said Mr. Rust.

The engineer was instructed to report the cost of widening the pavement to 40 feet and with a six foot walk.

Ald. Graham urged that the extension of James-street to the south should be considered at the same time. It was decided, however, to await Commissioner Forman's report on the matter.

Toronto University, thru their solicitor, said no objection would be made to the concrete sidewalk thru the technical school grounds between Murray and College-streets. The work was ordered to be proceeded with if the consent can be obtained of the board of education.

Ald Graham introduced the question of a foot bridge over the tracks on Wallace-avenue. The G. T. R. had refused a wooden bridge. On Ald. Jones' motion the railway commission will be asked for an order.

The city engineer said a steel bridge now would be waste of money. When the Junction was annexed a large bridge would be necessary.

The loop line question was brought up by Ald. Jones, who moved that the engineer's report dealing with the routes on Court, Toronto and Richmond-streets, be referred back and that he should report on the advisability of a line along Adelaide from York to Church.

He said that by extending the line further down town more satisfactory results to the people would be had, whereas much annoyance would be caused by dumping people at Shuter-street to walk several blocks or take short transfers.

Controller Hubbard said a track on Toronto would cause congestion at the King Edward Hotel.

When Toronto Owns System.

Engineer Rust advised the board to look ahead 15 years, when the railway would be a city owned concern. There would be waste mileage and money. It was finally decided to refer back these portions of the report dealing with Court, Toronto and Victoria-streets and retain Richmond and Shuter-streets.

On motion of Controller Hubbard, the city engineer was ordered to report on the advisibility of widening the devil strip on new lines to permit eventually of wider cars with centre isles. This would lessen the danger to conductors.

Controller Spence objected that the roadways on either side would be narrowed and thus made more dangerous to ride. The room in the street cars would also be lessened.

Contract Awarded.

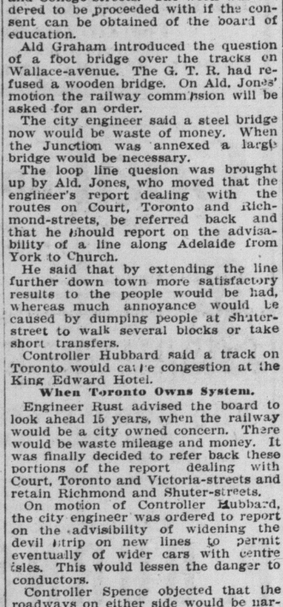
The board of control awarded the contract for the carpentering and roofing of the sheep pens for the cattle market to Thomas Lewis for $6495 and $511, respectively.

The sale of the easterly 25 feet of lot No. 144, north side of Dresden-street, to John Howard of 337 Pape-avenue, was confirmed. The city receives $5 a foot, also a similar amount for the western 25 feet to Mrs. Agnes Bird.

The city solicitor's quarterly report for April, May and June showed the city had lost three suits, were successful in nine and settled three. There are no less than seventy-five suits pending in the superior courts.

The board will oppose the application of the G.F.R. for a siding on Liberty and Mowat-avenues, because the tracks would interfere with the nursery property on Dufferin and King-streets.

The City Dairy Company were granted a permit to rebuild on the site of the burned stables. Mason & Risch got a permit to build a four-storey brick piano store at 642 West King-street.



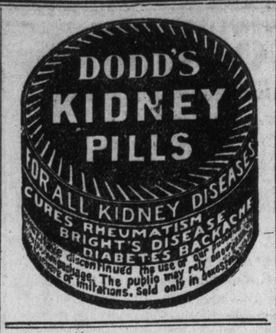
Harry J. P. Good, chief of the publicity department of the Canadian National Exhibition, one of Canada's oldest newspaper men, an indefatigable worker ever ready with information if he has it and if he has it not will likely know where it is. Mr. Good has been connected with the Exhibition Association for several years.

WARNS IRISH FARMERS.

(Canadian Associated Press Cable.)

London, Sept. 1.—Referring to the resolution passed by the Meat Trades Association of Great Britain at Glasgow, regarding the removal of the Canadian cattle embargo, The Freeman's Journal of Dublin warns Irish farmers that the negotiation for the purchase of farms from the Canadian government, which the British government is so anxious to conciliate, is a matter not less urgent and pressing than free importation. Sooner or later the government is likely to yield to such pressure and the result will be disastrous to the Irish cattle trade, and will ruinously react on the small farmer who has purchased at an extravagant price.

The board of control has a letter from Messrs. J. W. Lee & Co., asking that the application to the railway commission for permission for a siding on Atlantic-avenue be opposed, and will probably comply.



RESULT OF PIANO DEAL.

Yonge-Street Dealer Arrested on a Charge of Fraud.

Alex Marcey, one of the proprietors of the firm of Southcombe & Marcey, 275 Yonge-street, was arrested last night by P. C. McKinney on the charge of fraud. Some time ago Marcey sold a piano to a woman on Gladstone-avenue for $275. She gave a note for $191.72, and the remainder in cash. Marcey, it is said, disposed of the notes to John B. Controy at a discount. A few days ago the woman wanted to send the piano away and so paid Marcey the money due on the notes. He gave her a receipt. Shortly after doing this Controy called at the woman's house to try to collect on his notes and was shown the receipt. He swore out the warrant and caused Marcey's arrest.
