

pressed my hand warmly, and said that if I had not been he would have been buried now; it cured him very quick. Some 16 years ago (in Duluth) a man came to me telling me that his wife was dying on account of coughing; he had tried two doctors, but without result. I got your Sarsaparillian and a few days after she was all right. When children cough one dose is sufficient to stop it. I again express my astonishment over this medicine, and I can only counsel everyone to keep it in the house; it prevents in many cases a severe sickness, etc.

Yours truly,

F. KRUSCHKE.

BRONCHITIS, COUGHS, CONSUMPTION DIPHTHERIA,

And all Pulmonary Diseases Cured by Radway's Sarsaparillian
Resolvent.

Few persons but are troubled, more or less with difficulty of raising Phlegm, a thick humor or matter, deposited from the blood, that obstructs the air-passages and glands of the Brouchea, etc. The accumulation of this matter leads to Ulceration, Tubercles and Consumption, and the patient suffers great distress until it is removed. One teaspoonful of the Resolvent will loosen the Phlegm and enable the patient to expectorate with ease. Every person troubled with Cough, Bronchitis, Catarrh, Tightness of the Chest, Phlegm, Inflammation of the Lungs, Congestion, etc., should take a teaspoonful of the Sarsaparillian at once, and bathe the chest with Radway's Ready Relief. If the cough is constant, take the Resolvent regularly—three or four times a day—or whenever a fit of spasmodic cough seizes you.

Consumption, Night Sweats and Hoarseness Cured.

DR. RADWAY & Co.—Dear Sirs: In the year 1867 I was for six or eight months in bad health from various causes. I thought several times I had consumption if I had let it run on longer. I could taste blood every time that I coughed, and I tried all the cough syrups I could hear of, and I had the doctors to mix me up several remedies, but none of them did any good. Every night I had night sweats, with a pain in my breast. I got one bottle of your Resolvent, and I tell you the difference it made in me, it is no use for me to try to write it. I am most ready to say it cured me, but my blood was in a bad condition and I took several of them since that time. I asked a friend "what are you whispering about?" He said: "I have not spoke a loud word in two weeks." I told him to get one bottle of Radway's Resolvent and take about six or eight times a day about one teaspoonful at a time, just enough to keep the glands of the throat wet, and a desert spoonful on going to bed. It made him talk aloud in one day. It is no use for me to try to explain the virtue of your medicines. About two weeks ago I bought six bottles. I am now taking it. I can sleep good and I feel all right. I always take it in the spring of the year to keep my blood right. So I will come to a close.

Respectfully yours,

JAMES S. FOY, Savannah, Ga.

BEAUTY.

How to secure a clear smooth, beautiful, healthy skin is the desire of all, and this is within the reach of all. The skin becomes discolored, rough, eruptive, by the virulent and unhealthy condition of the excretions and insensible perspiration—that is secreted by its functions—and excreted through its pores. The skin is one of the chief outlets for the expulsion of the excrementitious humors or elements, that the absorbent vessels reject, to nourish and sustain the blood; hence these irritant humors poison the delicate skin, and we have Pimples, Blotches, Sores, either simple or malignant, according to the condition of the perspiration and excrementitious humors, secreted by the skin. Now the application of cosmetics only hide these defects, and increase the irritant condition of the skin.

RADWAY'S SARSAPARILLIAN

is a true cure for all Skin Eruptions. It makes the blood rich and pure—and, after it has driven out of the blood and the follicles, and secreting orifices of the skin, the poison from the excrementitious humors—it will divest the perspiration of its poison, and make the skin pure clear, and beautiful. This is the only way to secure good skin.

There is no remedy that will cure the sufferer of Salt-rheum, Ring Worm, Erysipelas, St. Anthony's Fire, Rash, Tetters, Pimples, Blotches, Prickly Heat, Acne, and Sores, Itch, Boils, Humors of all kinds, so quick as the SARSAPARILLIAN RESOLVENT. Let it be tried.

Liquids replete more easily than solids.

The flesh of a wild creature is easier to digest than that of a tame one.

They have fierce fangs who have sores grown about their teeth.
