AT OSOEGOE HALL.

A Doctor's Bill Remains—Little Lillian—Chamber Appeals To-Day.

Dr. Church has obtained judgment in the Divisional Court for \$5000 and costs against the city of Ottawa for damages for injuries to Lillian, daughter of Dr. Church, who was killed by a street car on June 15, 1895. The judgment was given in favor of the city, but the city has appealed to the full court. The case is now before the full court, and a decision is expected in a few days.

Chamber appeals: Smith v. Thomson, Brackenried v. Brackenried, Brown v. Brackenried (two cases), Taylor v. Wain, Brown, Corvan v. Melbourne, Allan v. Hough.

MANY EXCURSIONS.

Fleets at All Resorts Yesterday—News of the Water Front.

Island Park was the scene yesterday of several picnics. The children of William-street each had a number of several hundred, with their parents and friends, enjoyed the day at the park, and St. Enn's Sunday school was also at the island.

Though the air was slightly cool, there was a large crowd at Hanlan's Point yesterday afternoon and evening. The band music and the excitement in the Roof Garden are good attractions.

A large excursion from Clarendon and neighboring points arrived yesterday by the C.P.R. and took the Hamilton steamers to Dundurn Park. There were over 400 in the party.

The steamer Tynon, carrying 300 girls, pupils of St. Mary's and St. Francis' Schools, with their teachers and friends, left yesterday morning for Lorne Park.

Civic employees in Commissioner Jones' department had their annual outing yesterday, going to St. Catharines on the Empress of India.

Five trips will be made by the Hamilton boats on July 1, and the expectation is that large crowds will spend the holiday in the Ambitious City.

The Lakeside will make two trips to St. Catharines each Wednesday and Saturday from this date. The afternoon trip will be at 2 p.m., and the morning trip at 9 a.m.

The steamer Melbourne will be up from Montreal to-night with a general cargo.

The Ocean arrived from Montreal last night with passengers and freight. The R. & O. steamer Spartan carried a good crowd of passengers on her down trip yesterday.

To-night, the letter carriers of the city will have their annual moonlight excursion, leaving the Longacre Wharf at 9 p.m., for the Chippewa.

There are complaints on the part of Island residents regarding the water supply. It is said the works should be set to work at 7 p.m., and that after four hours there is a scarcity of water.

Arbitration Over the New Building.
The big building erected on King west by the Toronto Lithographic and Engraving Co. is the subject of a dispute between the company and W. J. Smith and others. Smith, who owns the building, claims that the company hold a balance of this contract money, and also refuse to pay his claim for the work done by the architect.

Parties have demanded, which have all been submitted to the arbitration of John Donnelly and the amount involved is between \$1500 and \$1600.

The Miners' Strike at Leadville.
Leadville, Col., June 25.—The closing down of the mines and the silence of the operators is now a determined policy to ignore the strike by a concerted action to look out for the community. The union is holding secret meetings and admits that the contest will be a long struggle.

Murder for Revenge.
Pendleton, Ore., June 25.—A section laborer at Rock Springs, Idaho, who was recently discharged from the Oregon Railway, was killed by a section laborer, killed Mrs. Haney, keeper of the section boarding car, and her infant child yesterday, and then committed suicide. It is supposed he committed the crime for revenge, suspecting the woman was responsible for his discharge.

Cumbers and melons are "forbidden fruit" to many persons so constituted that the least indulgence is followed by attacks of cholera, dysentery, grippe, etc. These persons are not aware of the danger to their health, and the consequence is that they are liable to suffer from these diseases. Dr. J. D. Kellogg's Dysentery Cordial, a medicine that will give immediate relief, and is a sure cure for all summer complaints.

DAINTY GIFTS

Such elegance, such grace, such beauty. You'll be pleased with the variety of our goods, both in sterling silver and the highest quality of plate. Come in and let us show you the newest and the best. Sign of the Big Clock.

144 YORK ST. KENTS

SEEKING AN INJUNCTION.

Boundaries Will Try to Quash the Junction Assessment of 1895.

Toronto Junction, June 24.—The Court of Revision held another sitting this evening, and as usual, there was quite a little fun for the crowd that gathered in the Council Chamber of the Town Hall. Mr. Bruce of Hamilton was again in evidence, and Messrs. Hammond and Snow of Toronto were also on hand to assist Mr. Bruce in upholding the claims of the assessment. As Chairman Rice and his court seemed to attach but little weight to their protests, they retired, after giving notice of an injunction restraining the Court of Revision from proceeding with the assessment. The ground of illegality, their claim is that the assessment of 1895 is the one on which the rate for this year should have been levied. A number of appeals were considered, but no decisions were made, pending the result of the blanket appeal, which will be brought up at the next meeting of the ground of illegality.

Astronomical Observations.
At the meeting of the Astronomical and Physical Society, the chair was occupied by Rev. C. H. Shortt, M.A. The evening's program was devoted to the discussion of observations made by the members, and predictions of phenomena to be observed during the next few weeks.

The approach of Jupiter to the moon on the afternoon of the 25th, which was observed at the Toronto Observatory, the large telescope bringing out even the details of the planet's surface, and the moon's high in the heavens. Another occultation of Jupiter by the moon occurs on the morning of the 27th, this will be an excellent test for the light-gathering power of a telescope, as well as for the steadiness of the observer.

The moon and Jupiter will rise on that morning about 5.30 and the occultation will occur about 40 minutes later. In localities more favored than Toronto for clear morning skies this interesting phenomenon may be observed.

The planet Mercury is now a morning star and reaches the greatest elongation west of the sun on July 4. Venus passes conjunction with the sun on July 9 at 2 a.m. It may be of interest to note that Venus has been seen in broad daylight in a 3-inch telescope, when directly on the meridian, and the amount of light is not sufficient to blind the eye.

The secretary of the society would be glad to hear from any observers who will endeavor to observe the planet as soon as possible after the superior conjunction. It may then be seen as a clear disc all illuminated at only about eight seconds of arc in diameter. Saturn, crossing the meridian early in the evening, is now a very beautiful object. A telescope magnifying about 15 times will show the ring system. The inclination of the line of sight to the ring plane is now about 20 degrees, and the "ball in a ring" is unmistakable.

CHEESE.
Kingston, Ont., June 25.—At the Cheese Board today 1300 boxes were boarded. Nearly all were sold, the bulk of them at 60c. A few at 61c.

Remonion, June 25.—At the Cheese Board today 400 boxes were boarded. 1100 boxes and 1400 colored. Price bid for white cheese 60c and colored 59c.

Lundsey, June 25.—The regular Cheese Board meeting was held at the local place today. There were 1500 boxes boarded. Dundas and Placerville Road, 900 boxes and Whitton of Belleville 500 at 7c.

Alfred Theft of Ten Cents.
George Stevenson appeared in Police Court yesterday to answer to the charge of stealing 115 pounds of tobacco from Dundas and Placerville Road, and was remanded for a week.
