

## T. EATON CO. LIMITED "CANADA'S GREATEST STORE."

### Some Rare Offerings for Thursday.

The continued warm weather has somewhat interfered with our arrangements for Fall trade. Departments that were counting on brisk sales in cold weather needs find themselves enjoying summer heat instead of freezing weather. As a result new goods arriving daily are being held in reserve because the department is overflowing with seasonable goods. There must be some relief provided for this congestion, and we are going to ask your assistance to that end. We can safely count on your help if money's worth has any influence. We are not going to confine our efforts to the few departments that have been affected by this warm spell. We are going to let every department share in the price reductions and the enthusiasm of quick sales. On Thursday morning we start the ball rolling with prices like these:—
