EXEMPTION "RING" IS DISCLOSED IN QUEBEC COURT

FULL FLEDGED SYSTEM OF EXEMPTING YOUNG MEN IS REVEALED IN QUEBEC COURT

Accused Man Admits That Money Was Paid Through Him to "Ring" Composed of Lawyers and Others Who Arranged Exemption For Men Liable For Service.

Quebec, June 24.—Sensational evidence in a new military exemption scandal was brought forth yesterday afternoon in the Quebec police court before Magistrate (Senator) Choquette, when Jules Latouche of Saint Louis de Courville, near this city, took the stand on his own behalf in a case where he is charged with conspiring to defraud in connection with the granting of military exemptions. Latouche admitted that he had had something to do with the granting of exemption cards, that money had been paid to him, and through him, for exemption cards, and from Latouche's own testimony yesterday afternoon before Magistrate Choquette revelation of a full-fledged "system" were made. Latouche named lawyers and others who, he said, had something to do with the granting of exemptions, Latouche testified that when he dealt in exemptions from the military draft he was under the impression that political "pull" was the main thing to get results.

BRITISH NEWSPAPERS VIEW GERMANY'S ACCEPTANCE OF PEACE PACT WITH DISTRUST

Germans Have Proved Themselves Treacherous Throughout the War and Allies Will Have To Be Continually On Guard, Is Warning Issued by London Press.

London, June 24.—Profound distrust of Germany is the predominant note in London press comments on the German Government's decision to sign the treaty of peace. It is contended the Germans proved themselves treacherous throughout the war, the latest instance being the sinking of their fleet in Scapa Flow, and therefore, it would be preferable to celebrate peace until the treaty is actually signed. Even afterwards, it is said, the Allies must be continually on guard until the last penny is paid. "All evidence shows that the revolution has not changed the German misconception of a national honor," says one commentator.

TASK AHEAD MAY BE NEARLY AS GREAT AS WINNING THE WAR

Paris, June 24.—With such headlines as "Really Peace at Last" does the press of France express its relief at the formal end of the great war. Editorial writers emphasize their text with comments on keeping with the principles professed by their respective newspapers, but none of the papers is as jubilant. Underlying all is the feeling that the task that lies ahead is almost equal to that of winning the war.

"The task," says Alfred Capus, in the Figaro, "is not above the task of this nation which came out of the war with a prestige which remains only to be converted into prosperity."

QUEBEC PREMIER'S MAJORITY IS 70

Election of Liberal in Pontiac Raises Sir Lomer Gouin's Lead.

Montreal, June 24.—With the announcement available this morning that M. MacDonald, Liberal, was elected in Pontiac yesterday during the provincial general election, the following of Sir Lomer Gouin, premier of Quebec, rose to 70. The Opposition is represented by nine Conservatives and two Liberals. One of the most notable defeats in the election was that of T. D. Bouchard in St. Hyacinthe. Mr. Bouchard was an advocate of compulsory education, and it was largely on account of his allegations against the Catholic committee of the council of public instruction decided on an investigation.

COMMISSION WILL DECIDE IF SINKING VIOLATED THE TRUCE

Council of Three Refers Scapa Flow Incident to Experts.

Paris, June 24.—The council of three has referred the question relating to the sinking of the German fleet in Scapa Flow to a commission of experts, which will determine whether the armistice conditions were violated.

RUSHING WORK ON AUSTRIAN TREATY

The completion of the document to be presented to the Austrian delegates is desired as speedily as possible and work on it is expected to be energetically pushed. CLEMENCEAU TO RESIGN SOON AS PACT IS SIGNED

French Premier Feels That He Has Completed His Task.

GOES TO VERSAILLES

Parliament Is Expected To Ratify Treaty Late in July.

Paris, June 24.—Premier Clemenceau has expressed his intention to resign from office as soon as the treaty is promulgated, feeling that he has accomplished the task for which he assumed the premiership, says Marcel Hutin in the Echo de Paris. It is expected that parliament would ratify the treaty late in July.

LEAVES FOR VERSAILLES

Paris, June 24.—Premier Clemenceau, president of the peace conference, will go to Versailles this morning to make final arrangements for the signing of the treaty with Germany.

WAITED 49 YEARS FOR HOUR, DECLARES FRENCH PREMIER

Paris, Monday, June 23.—"We have waited forty-nine years for this moment," exclaimed Premier Clemenceau as he opened the fateful dispatch announcing that Germany had signed the treaty at the meeting of the council of three this afternoon.

"For forty-nine years," he continued, "the mailed fist of the Reich (German emperor), who has governed Germany, has menaced the world. Whether the man's name was Bismarck or Wilhelm II, it was still the same Reich of the ruthless, surrounded by soldiers and drunk with pride.

"Be careful! Keep your powder dry. Be careful! Remind the world that it is living on a barrel of that powder. This Reich dogma is that might is right; that a state's only interest is its own interest, that treaties do not exist when they clash with the interests of a state, and get set aside by means. We know from witnesses who were at the side of Wilhelm II, that when he learned of the Sarajevo tragedy, he who posed as a keeper of the peace cried: 'The hour has struck! Now we shall see what an army is!'

Germans Burn Flags Taken From French In War of 1870-71

Action Is Regarded As A Distinct Violation of Peace Treaty.

Paris, June 24.—Word of the burning of certain French battle flags by the Germans has been received here. Peace conference opinion is apparently unanimous that this is a distinct violation of the peace treaty, inasmuch as the document stipulated that the flags should be returned to France by Germany.

It is probable that a commission will be appointed to consider taking action in the matter.

Presumably the foregoing refers to French battle flags taken by the Germans in the war of 1870-71. Article 245 of the peace treaty in the original draft, stipulated that within six months after the treaty should be signed, the trophies, works of art, etc., carried from France by the German authorities in the Franco-Prussian war, particularly the French flags taken in the course of the war of 1870-71.

WINNIPEG POLICE TO AVOID STRIKES IF GIVEN BACK JOBS

Proposition Is Submitted To Commission by Union Members.

BUT ONE AUTHORITY

Patrolmen Will Renounce All Others But the Police Commission.

Winnipeg, June 24.—A meeting of the Police Commission today to place a proposition before the police commissioners with a view to reinstatement on the force. A letter embodying the proposition of the policemen has been prepared, and it is said to contain a re-nouncement of all connection with the Winnipeg Trades and Labor Council on the part of the Police Commission, and an undertaking, provided the members of the force are reinstated, to acknowledge no other authority than the police commission. The proposition also includes an undertaking not to participate in sympathetic strikes. The proposition returned yesterday afternoon interviewed Mayor Charles F. Gray in regard to their using the board of the industrial bureau, as a meeting place. They were informed firmly by the mayor that they could not have it. Although the delegation was with the mayor over half an hour they were unable to shake his views regarding the matter.

MOUNTED POLICE ARREST EDITOR OF LABOR NEWSPAPER

(Special To The Advertiser.)

Winnipeg, June 23.—Mounted police this evening raided the office of the Labor News and seized all copy and type of tomorrow's issue. The editor, Rev. J. S. Woodworth, son of a pioneer Methodist missionary and himself a graduate of a local college.

For years Woodworth was in charge of the People's Mission in Winnipeg located among foreigners here, and did splendid work. He left the church a year ago and went to Vancouver, B. C., where he worked as a longshoreman on the docks.

The mounted police, with drawn sabres and revolvers, cleared Victoria Park of Canada, who had intended holding a meeting there to protest against the arrest of the editor. The police were allowed to enter the park and the strikers were arrested. The strikers were hard put for encouragement. Fifty men were released today on \$1,000 bail and arrests were made of those who refused to parade.

VANCOUVER STRIKERS TO INSIST THAT ALL MEN BE REINSTATED

Vancouver, June 24.—The likelihood that the local strike would become an improbability when it was intimated to the mayor by the business agent of the city, that the strikers committee would not call off the strike if a single employee refused to reinstate all the strikers without prejudice to their former standing.

Representatives of the individual unions have been canvassing employers affected by the strike for an explanation of their position in regard to the status of their striking employees. These reports to the central strike committee tomorrow evening.

A delegation representing striking city employees is informed today by the mayor that the city would not discuss the status of its striking employees unless they agreed to reinstate all the strikers with a definite proposal as to the time they would return to work and the conditions they expected to obtain.

The general strike in New Westminster came to an end at 4 o'clock yesterday afternoon by order of the strike committee of that city.

PENSIONS INCREASES FROM 13 TO 20 PER CENT RECOMMENDED BY THE SPECIAL HOUSE COMMITTEE

Bill To Be Submitted Without Delay Provides For Advanced Pensions To Soldiers and Naval Men and Their Dependents—Additional Expenditure Will Amount To Over Three Millions.

Ottawa, June 24.—The special committee of the House of Commons on pensions, of which Hon. N. W. Rowell is chairman, and W. F. Nickel vice-chairman, presented its recommendations to parliament this morning. They recommended that the pension for soldiers and naval men of similar rating and dependents of soldiers and naval men be increased from \$300 per annum to \$360 per annum.

The additional expenditure for the pension year on the basis of the existing number of pensioners will be approximately \$3,300,000.

Canada since the beginning of the war, has dealt more generously than any of the allied countries with those of her citizens who have suffered disability or the dependents of those who have been killed during service, and under the proposed pension bill the expenditure for these supplementary pensions would be added to the existing provisions of the bill. The expenditure for these supplementary pensions will not exceed in the aggregate \$3,300,000.

The total number of disability pensioners, as of the 31st of March, 1919, was 44,726 (not including wives and dependents). The estimates total possible liability for pension under the provisions of the proposed bill submitted will exceed \$33,000,000.

PEACE HOLIDAY TO BE DISCUSSED

No. 2 Committee Will Decide Tonight.

The question of arranging for a holiday and a demonstration to celebrate the signing of peace will be taken up at a special meeting of No. 2 committee of the city council this evening.

The meeting was called originally for the purpose of taking up the matter of closing the Pipe Line road and repairing Mount Pleasant road, but Mayor C. R. Somerville, when the fact of the imminence of formal peace was drawn to his attention, moved that the matter be taken up at a later date.

When the question of the holiday was referred to in connection with the case, it was found that no motor cars carrying official guests had been driven on Dundas street between Wellington and Eldon streets, or on Richmond street between Dundas street and the Grand Trunk crossing.

Adair testified that the motor car he was driving belonged to his brother and that two pennants advertising the celebration were fastened to the sides of the car. It had been driven through the country without any police interference until it was brought to this city. The case was dismissed.

Hopes Entertained That He Will Be Found on Way to Chatham.

While officials of Mount St. Joseph's Orphanage, from which the boy named Peter Bykov, a ward at the institution, disappeared on Saturday afternoon, and is still missing, are hopeful that the boy will be found somewhere on the road to Chatham, where he lived before he was brought here, no word has yet been received by them or by the police, which will trace his whereabouts.

Police instituted a thorough search for the missing boy today, and with officials of the orphanage have suggested every possible place where he might have wandered, but have not yet discovered a single clue which leads to the missing boy.

The boy's father is said to live in Windsor, Ontario, where he has been brought here and given in the keeping of the Mount St. Joseph Orphanage. Officials today and yesterday have attempted to locate the father in an effort to learn whether the boy had reached him or had ever intimated his desire to see his father, but so far the parent has not been traced.
