ADA, Ohio, July 21.—Six masked men rode into this place late last night and attempted to rob the local bank. While three of the gang waited near the bank building, the other three went to the home of Cashier Meyers and, arousing him, compelled him to go to the bank with them. They attempted to compel Meyers to open the safe. The cashier, however, convinced the men that the safe was equipped with a time lock, and that it could not be opened. Thereupon two of the robbers took Meyers to a nearby wood and tied him up, the other four remaining at the bank to blow the safe. Meyers, however, managed to escape from his captors and promptly turned in a fire alarm, arousing the citizens.

HAS CANADA TEN GREAT MEN?

ers of your prominent newspaper to name, according to their opinion, the ten greatest men of to-lay either Canadian born or so closely affiliated with Canadian endeavor and enterprise as to almost render them natives. I might say that I most heartily approve of this departure, and I am convinced that it will be of considerable value to everyone, either taking part or reading the nominees of those who have done so. Following are ray choices:

1. Sir Wilfrid Laurier: The most bril-Hant and eminent statesman in Can-ada, whom Canadians revere, and oth-

2. W. F. Maclean: The outstanding figure in federal politics, who is solid for public rights and whose sentiments are steadily taking tangible form in the triumphs of public ownership over private monopolles.
