## BAD STORM IN WEST WIND LIKE A CYCLONE

**Buildings Blown Over, Trains Stalled in Snow and Telegraph Wires Down in All Directions.**

CHICAGO, Jan. 29.—Rain, snow, hail and sleet and a high wind, which preceded the storm, struck the city from the west, creating climatic chaos in the middle west today.

Trains were delayed and telegraph wires were prostrated in every direction, particularly west of St. Louis and north of Chicago. The barometer in the office of the local weather bureau stood at 29.05, 25 higher than the lowest ever recorded here.

The most serious damage reported in early despatches was at Lamont, Mo., where the roof of the opera house was blown against a freight train standing a block away, injuring two persons.

The weather map issued today was, in appearance, almost without precedent. West, south and north of Omaha, the map was a blank. Wires were down in every direction and reports were missing. West of Chicago it was possible for only four states and territories—California, Nevada, New Mexico and Arizona—to get in their reports, which was accomplished by using unaffected wires south along the Mexican border.

The demoralized condition of telegraph wires was attributable generally to sleet.

At St. Joseph, Mo., the Tremont Hotel was unroofed, and a dwelling blown over.

**Trains Lost in Blizzard.**

LACROSSE, Wis., Jan. 29.—Passenger train No. 23 of the Chicago, Milwaukee and St. Paul, running between Lacrosse and Westington Springs, N.D., has been stuck in a snow drift west of Jackson, Minn., since a heavy passenger list, but being a day train with no sleeper or diner, it has no accommodation for caring for the passengers in the plight they now find themselves in. A relief train has started out for the rescue last night, but it failed to get thru and is now stalled.

About half of the tin roof over the west wing of the Kansas state house was torn off. At Wichita several church spires were blown down. At Omaha the wind threw Gus Nelson, a railway employe in front of a switch engine. He lost both legs.

## 48 MILES AN HOUR

**'Twas a Very Stormy Day in These Parts.**

A storm of unusual severity is the description given by the weatherman of the destruction of the elements yesterday, and the estimate is one with which few will disagree.

It wasn't that it was so cold, but that the wind blew with a violence that made the best stage efforts of Theodore Kremer or Charles E. Blaney appear puny. At the observatory it was stated last night that around noon the wind traveled at 48 miles an hour.

Yesterday's snowfall was four inches, a fairly heavy one, but this showery does not begin to indicate the discomfort it caused. The gale whirled it into clouds during the morning and at times almost blinded pedestrians.

The thermometer told a comforting tale. It was never lower than 15 above zero, and even reached 20 above, spending most of the time around the 25 mark. The average was one degree above the usual for the time of year.

Locally, the prospect last night was for more snow, with a tendency to grow colder today.

In spite of the storm, however, the streets and suburban railway lines were kept open and the trains kept running pretty well on time.

## LIBERALS WON'T CONTEST

OTTAWA, Jan. 29.—At a meeting of Carleton County Liberals today it was definitely decided not to enter a candidate for the by-election in Carleton County, consequent upon R. L. Borden's retirement.

The Conservatives must not-morrow at Stittsville to settle on the method of choice of a candidate.

## HONORS WERE EASY.

LETHBRIDGE, Alta., Jan. 29.—(Special)—Only \$3 was spent in conducting the campaign for Donald McAbb, who was recently elected to a seat in the provincial legislature.

## PREMIERS SAY DRAFT 'BE-BE'

**Refuse Grain Men's Request That Governments Take Over the Elevators.**

WINNIPEG, Jan. 29.—(Special)—Hon. A. C. Bennett, premier of Alberta; Hon. Walter Scott, premier of Saskatchewan, and Hon. R. P. Roblin, premier of Manitoba, today issued a joint letter on the subject of the three western provinces acquiring control of the grain elevators, shipment and inspection.

They point out that it is not within the jurisdiction of the province to deal with the matter, and that legislative authority it would not be practical to raise funds to finance the enterprise, concluding that a general amelioration of conditions can be expected from improvements now in process of completion and to be undertaken.

The letter, in part, reads as follows: "It would necessarily involve a new constitutional principle not hitherto exercised in the province, and the several provinces, and the putting in practice by constructive, restrictive and restrictive legislation the right of absolute provincial government control of the matters in question."

"To accomplish this it would be necessary, first, for the respective provinces to have delegated to them the requisite legislative powers by amendments to the B.N.A. act, and second, to have adequate provision made for self-protection and consequent liability undertaken, and expressly stipulating that all grain should pass thru our channel, and that no other method of complete and absolute monopoly. Any other method would prove futile, and might possibly be followed with disastrous results.

"The separate states of the United States, in dealing with interstate transaction companies, found themselves in a similar position, and federal action was invoked. The founders of confederation intended that the government of Canada should hold the residue of power and define the lines which should separate federal and provincial jurisdiction. It was their intention, manifest that when certain powers are given solely to the federal government it implied a prohibition on the part of the province to act. One of the provisions of the British North America Act is as follows:

"It is specifically declared that any matter coming within the classes of subjects as to which the Parliament of Canada has jurisdiction is deemed to come within the class of matters of a local or private nature comprised in the enumeration of the classes of subjects assigned."

"The subject upon which the provinces are acting is not one of a monopolistic establishment and operation of grain elevators, and it follows that any legislation along the line indicated would be unconstitutional, and ultra vires of the powers of the province."

## LAW GOING THRU BOOKS

**Assisting in Straightening Out Companies' Affairs.**

Frank Law, sentenced to five years in the penitentiary, will not go to Kingston this morning with other prisoners. He is being held in order that he may aid the crown in going over the books of the Higginson, Mary, Locky, Boys, Silver, Bright and Blue mining companies, of which he is a director. This may take a week or more to complete.

The work of going over the books is being done at the instigation of large shareholders, who believe that the assets of the companies are greater than at present supposed. The work will be done at County Crown Attorney Drayton's office in the building known as the Higginson, Mary, Locky, Boys, Silver, Bright and Blue mining companies, of which he is a director. This may take a week or more to complete.

The commission also states that the number of municipal employees is excessively large and that they practically control 10,000 city head votes, thereby constituting a menace to good government.

## BIG FIRE AT EMERSON, MAN.

Alexandra Block Destroyed With Loss of Over \$100,000.

EMERSON, Man., Jan. 29.—At 6:12 to-night the Alexandra block was discovered to be on fire. The building was burned to the ground, the contents of the following business houses being destroyed: Bell, general merchants, loss \$30,000; Good Bros. grocery, \$5000; the Emerson postoffice and the C.P.R. telegraph office, The Emerson Journal, \$10,000; T. Casselman's drug store, and Manitoba Government telephone office, \$25,000; John Furness, tailoring establishment, \$1000; A. Rivard's barber shop and pool room, \$3000; Bank of Ottawa, loss unknown.

This was a three-story building, the two upper storeys being occupied by twenty families, and ten or fifteen roomers. The loss to the roomers in this block amounts to \$55,000. Among the heaviest losses is Mr. Logan, the manager of the Bank of Ottawa.

The Anglo-American Hotel is in danger of burning at the present time (9 p.m.).

## CARRYING OF EXPLOSIVES

**Railways to Make Recommendations to the Commission.**

MONTREAL, Jan. 29.—(Special)—At a meeting of the representatives of all railways, held here today, it was decided to take action to prevent the danger to the railways and the public from the carriage of explosives, so as to prevent accidents such as the one at St. Thomas, and recommendations were made to the railway commission with that end in view.

## EMBARGO ON HORSES LIFTED.

NIAGARA FALLS, Jan. 29.—(Special)—After having been in force since Nov. 3, the embargo on horses was removed this morning. Horses and wagons are now allowed to cross the bridges into Canada.

## BOSTON CIVIC EMPLOYEES CONSTITUTE A MENACE

**Control 10,000 Votes—Commission Report Arraigns Whole System of the City's Government.**

BOSTON, Jan. 29.—A scorching arraignment of nearly every branch of the municipal government of Boston is the outcome of a report by a new and unique city charter commission, the report which the finance commission presented to the Massachusetts Legislature today.

The report, a document of about 80,000 words, declares that the city council is dominated by a few men, that municipal appropriations are strained to the limit in order to favor contractors and give employment to constituents, that some of the members use their official positions for pecuniary gain and that both the aldermen and councilmen, as legislative bodies, are "intellectually and morally incapable of action in the interests of the citizens."

The commission also states that the number of municipal employees is excessively large and that they practically control 10,000 city head votes, thereby constituting a menace to good government.

## BRITISH LABOR CONGRESS

**Tariff Reform Denounced as No Help for Unemployed.**

(Canadian Associated Press Cable.)

LONDON, Jan. 29.—The labor congress at Portsmouth passed a resolution today to support the tariff reformers, but it was rejected by 788,000 to 113,000. Congress next declared for secular solution of the education question.

Tariff reform was denounced as no cure for unemployment, Ramsay MacDonald, M.P., declaring that tariff reformers said they wanted to broaden the basis of taxation, but the basis is destroyed by the Salvation Army, and, in addition to what was called yesterday, declared that a man who would attempt to Christianize Salvation Army headquarters would have a very difficult job. There were 6500 white unemployed in Vancouver, and the same state of things prevailed at Montreal and Toronto. Yet the Salvation Army was going to emigrate thousands. The Salvation Army had become the procurator-general cheap labor for international capital.

The labor congress executive was authorized to ascertain whether the labor and socialist organizations through the empire favor holding an all-British labor conference in 1910.

Taken on the whole the resolutions of congress show an increased desire that the party should devote itself to work of detailed reform.

## WILL THE C.P.R. GO TO GOWGANDA?

SUBURY, Jan. 29.—The report is current here that the Canadian Pacific have in consideration the extension of their Toronto-Subury line north of here to a junction with the Grand Trunk Pacific at Cochrane, taking in the new silver route, Gowganda included, a distance of 160 miles. This would give the shortest route to Winnipeg when the Grand Trunk Pacific is finished.

## EXPORT OF CATTLE

OTTAWA, Jan. 29.—(Special)—By order of the department of agriculture Canadian cattle, sheep or swine will be allowed to leave Canada for export to Europe except thru the ports of St. John, N.B., Halifax, N.S., or Charlottetown.

Previous orders regarding exports of cattle to Europe are rescinded.

## CONGRESS OF MISSIONS PROGRAM IS OUTLINED
