He Addressed Number of Battalions and Saw Points of Interest.

GERMANS BOASTING OF ATTITUDE OF WARSAW

Gen. Von Bosele Makes Concessions to Educational Institutions.

WAR SUMMARY

THE DAY'S EVENTS REVIEWED

SOUTH of Thiepval British troops yesterday advanced 300 yards, capturing a German trench 400 yards in length, and taking many prisoners.

The recapture of Mush in southwestern Turkish Armenia by the Russians and the crushing defeat of the Turks in the Rachtia region of the Caucasus indicate that Turkey's recent "come-back" in that theatre of war was merely a spasmodic effort.

German airships again raided England yesterday, dropping bombs on the east and southeast coasts, but up to midnight no reports of casualties or damage had been received.

While operations of the Italians since the taking of Gorizia have been thrust somewhat into the background owing to important developments elsewhere, there has been little cessation of the steady pressure against the enemy.

Announcement is made of fresh successes on the extreme northern portion of the Austro-Italian front.

In the rough, mountainous area of the Fassa Alps several positions have been wrested from the Austrians.

Fighting is proceeding at the head of the Fossatic Valley, where the Italians have captured another height, also at the head of the Cia

(Continued on Page 2, Columns 1 and 2).

BRITISH ARMED YACHT WAS SUNK BY ENEMY

Zaida Lost in Gulf of Alexandretta With Ten Men.

LONDON, Aug. 24.—The admiralty announces that the German claim of having sunk a patrol boat in the neighborhood of the Gulf of Alexandretta, doubtless refers to the British armed yacht Zaida, which was engaged in destroying petrol stores in the gulf.

The fate of the remaining two officers and eight men is unknown and it is assumed that they are lost.

The German claim referred to by the British admiralty has not been published previously. The Zaida was a yacht of 106 tons, and, prior to the war was owned by the Earl of Rosebery, former British premier.

SLAV DESCENT UPON BULGARIA BELIEVED NEAR

Troops Massed on Roumanian Frontier and on Russian Danube.

FIGHTING ON STRUMA Anglo-French Forces Repulse Attacks—Advances Reported by Enemy.

LONDON, Friday, Aug. 25.—The Russians have concentrated a large number of troops on the Roumanian frontier, and on the banks of the Russian Danube for the purpose of invading Bulgaria by way of Duhurda, according to a Budapest despatch to The Morning Post quoting The Azeit.

The Azeit also reports powerful Roumanian forces gathering on the lower Danube and the Pruth Rivers.

Attacks by Bulgars between the Struma and the upper valley of the Moglenica have been repulsed by the Anglo-French forces, while the Serbians have made fair progress on the left of the silled line, according to an official statement issued by the French war office.

On the other hand, Sofia makes claim that a successful Bulgarian offensive has been launched on the Struma and that Bulgarian troops advancing upon the western end of the Macedonian front defeated the Serbians and forced them to fall back.

Bulgars Opposed. A despatch to Reuters' Telegram Co. from Athens says: "A member of the chamber of deputies from Florina, which lies 100 miles south of Monastir, arrived here yesterday from Monastir. He says the Serbian advance was met with virtually no resistance, and that the only important forces, and without exception, simply for the repression of smuggling. The population of Florina fled in the direction of Sorovich."

Bulgar Attacks Repulsed. The French war office this afternoon gave out an official announcement on the operations in front of Saloniki as follows: "In front of the right wing of the allied armies the left bank of the Struma and on both sides of the highway to Seres, between the Moglenica and the upper valley of the Struma, Anglo-French forces have repulsed without trouble several attempts of the enemy to recapture the positions occupied by Anglo-French forces north of Palmet, in the sector of Dolivan, and in the direction of Ljumnica."

Along the entire mountainous front to the west of Moglenica, Serbian troops are developing an offensive. On the extreme left they have recaptured, as a result of a vigorous counter-attack, Hill 1536, five kilometers (three miles) to the northwest of Ostrovo Lake, which position they lost on the morning of Aug. 23.

Artilery Activity. Neither the Bulgars nor the Serbians attempted vigorous offensive actions yesterday. An official statement issued here today says that artillery fighting continues, but records no infantry encounters.

There has been artillery activity on the Doliran front, the statement says, "but no infantry action. On the Struma front our artillery dispersed Bulgarians who were entrenching on the left bank of the river."

The enemy's artillery shelled Orlik bridge. "The Serbians are on the same line as reported yesterday."

An Athens despatch, under yesterday's date, says: "Greek troops are still resisting the Bulgarians at Seres in northeastern Greece, notwithstanding the orders of the general staff that they retire. The Greeks are being reinforced rapidly by volunteers."

From all parts of Greece officers and men are hastening to Saloniki to volunteer for the entente forces to fight the Bulgarians. A corps of Albanians has arrived at Saloniki.

In view of the intensity of feeling over the Bulgarian advance, mass meetings, being planned for next Sunday, in celebration of the anniversary of the revolution of 1909, is regarded with some apprehension.

Greece Gave Sanction. The advance of the Bulgarians in northeastern Greece was made with the sanction of the Greek Government, Bulgaria and Germany having guaranteed the return of the territory after the war. The Bulgarians desired to take up defensive positions in anticipation of an allied offensive toward Sofia.

An Athens despatch to The Paris Journal today says: "Bulgarian troops in Greek Macedonia have occupied Demir-hisar and made prisoners of the entire 18th Regiment of Greek Infantry."

RECRUITING LEAD TAKEN BY KINGSTON DISTRICT

Enlistment Throat Dominant in Two Weeks Was Thirty-Five Hundred.

By a Staff Reporter. OTTAWA, Ont., Aug. 24.—The Kingston military district, which includes Ottawa, is again in the lead in recruiting. During the first fortnight of August the total in the Dominion was 8,824, of which Kingston accounted for 894.

The figures of the other military districts were: Alberta, 609; Toronto, 514; Montreal and Saskatchewan, 414; Manitoba, 446; British Columbia, 327; London, 202; maritime provinces, 193; Quebec, 41.

BRITISH GAIN ENEMY TRENCH NEAR VILLAGE

Three Hundred Yard Advance South of Thiepval is Reported.

GERMAN ATTACKS FAIL Attempts to Regain Lost Ground Result in Complete Repulse.

LONDON, Aug. 24, 11.23 p.m.—The British troops have advanced 300 yards south of Thiepval, capturing a German trench 400 yards in length and many prisoners, according to the official statement issued by the war office tonight. The text of the statement follows: "South of Thiepval this afternoon we made a further advance of 300 yards, capturing an enemy trench 400 yards in length. Many prisoners are being taken in this sector. Yesterday 62, including two officers, were passed back. There are in addition 164 already reported. Today a further number was taken, the exact number not yet being ascertained."

A hostile bombing attack against our new trenches north of Bazentin-le-Petit was easily repulsed last night. There has been considerable hostile shelling this evening along our front, mainly in reply to our bombardment.

Enemy is Repulsed. The Germans made strenuous efforts last night to regain lost ground between Guillemont station and the quarry, and succeeded in reaching the railway station trenches at some points. Gen. Halg reported to the war office this afternoon. They were repulsed afterwards, suffering heavy losses.

The statement follows: "Last night the enemy made strenuous efforts to regain his lost ground between Guillemont station and the quarry. After a severe bombardment which began at 8.45 o'clock, he launched a strong infantry attack, which was repulsed with such determination that it reached our parapets at places."

After a short struggle the attack was repulsed completely everywhere, with heavy losses to the enemy. "After this failure the enemy delivered a further intense bombardment which was repulsed with such determination that it reached our parapets at places."

Near Hohenzollern redoubt the enemy shelled our lines heavily, and attempted a raid which failed completely. In no case did he succeed in reaching our lines.

In the process which we carried out north of La Bassee, we successfully entered the enemy's trenches."

ALBERTA ASSURED OF BUMPER CROP

Average Production is Estimated at Thirty Bushels Per Acre.

QUALITY IS SPLENDID Grading Will Be Better Than Ever Before, is Claim Made.

CALGARY, Aug. 24.—"The wheat fields of southern Alberta will average 38 bushels to the acre. Along the lines of the C.N.R. the yield will be better than 40 bushels to the acre. In other parts the yield will be well over 20 bushels to the acre for all of Alberta."

This was the opinion expressed on Thursday by a prominent official of the Farmers' Elevator Co. of this province.

"The summer fallow is as good as a crop before in most places. Alberta will produce as much milling wheat as South Dakota, South Dakota and Minnesota combined, and even that will not compare with the milling wheat of Alberta."

"I never saw wheat of such quality as this year's production. The kernels are firm, solid, brown as a berry, with not a white spot in them, and they are large. The grading will be better than it ever was before."

GEN. HUGHES WITNESSED HEAVY BOMBARDMENT HIGHLY HONORED IN PARIS

Canadian Associated Press Cable. LONDON, Aug. 24.—The following particulars of Sir Sam Hughes' visit to France have been communicated: The minister crossed last Thursday and was met by General Gargot Hughes and immediately motored to the Canadian lines. Next day he reviewed the Dominion troops and spent the following day at the corps headquarters. He conferred with General Byng, general of the corps. The Princes Pats bore colors in Parade before Sir Sam.

ENGLISH COAST RAIDED BUT NO DAMAGE DONE

Several German Airships Dropped Bombs on East and South-east Coasts.

LONDON, Friday, Aug. 25, 1.25 a.m.—German airships have again carried out a raid on the east and southeast coasts of England, dropping bombs, according to an official communication issued early this morning. The communication says: "Several airships crossed the east and southeast coasts of England shortly before midnight. A number of bombs were dropped, but there has been no report of casualties or damage."

The official statement issued yesterday morning of an air raid on England's eastern coast on Wednesday night by a lone zeppelin which dropped fifteen explosives and incendiary bombs. These fell in open fields, no damage resulting.

FRENCH BOMBARD GERMANS HEAVILY

Hot Shelling Between Estrees and Lassigny, Distance of Thirty Miles.

FOE'S AIRMEN ACTIVE Persistent Attempts Made to Reconnoitre Positions of Allied Artillery.

PARIS, Aug. 24.—The French are violently bombarding the German lines from Estrees, which marks the southern extremity of their present offensive, to Lassigny, a distance of about 30 miles, according to the war correspondent of La Liberté.

The correspondent says that heavy bombardment is in progress along a line from Vermandovillers thru Ligny, Chaunoy and Roye to Lassigny. The destructive fire of the French artillery has drawn the German airmen across the French lines, contrary to their custom. They are apparently trying to reconnoitre the position of the allied artillery.

Captive German balloons have again appeared in the air, says the correspondent, but were quickly withdrawn when attacked by the French airmen.

Scouting machines sent out by the Germans were driven back after numberless air battles. The German guns, during the last 24 hours, replied vigorously to the allies, and some of their batteries were silenced.

HEAD CUT BY PULLEY. Tony Krosman of Mimico had his head cut by a pulley fell on him at yesterday afternoon. He was taken to Grace Hospital in the police ambulance.

KUROPATKIN'S TROUBLES HEAVY, BERLIN STATES

Situation in Turkestan Reported to Be a Trying One.

BERLIN, Aug. 24, via wireless to Staville.—Reports received thru Staville indicate that the situation in Turkestan is growing worse, says an Overseas News Agency statement today. Gen. Kuropatkin, who was recalled to the Russian general staff, issued severe orders to cope with the conditions, the advices declare.

THE GERMAN ARGOSIES OF CANADIAN NICKEL

The Deutschland, the first of the German nickel undersea argosies, is in her German home port with 140 tons of Canadian nickel, or about half a million ounces—sufficient to make many millions of nickel-tipped bullets or parts of rifles. It will make ten million pounds of nickel-steel for big guns and howitzers. And the Bremen is on the way to an American port to get some more Canadian nickel. What do you think about it, and the assurances given to the electors of Ontario in the recent elections that not a pound on the Deutschland came from Canada? And how tame the news of the arrival of the Deutschland was printed in yesterday's papers. Shamefaced it was.

No one has answered Mr. Dewar's charge that in 1914 countries other than Britain and her allies got over fourteen million pounds of Canadian nickel (as much as Britain and France got); in 1915, neutral countries (Scandinavia and Denmark), which meant Germany, got ten million pounds, and in nine months in this year one hundred and thirty-two thousand pounds. It was all Canadian nickel, sent from New York to Germany by the back-door of the Scandinavian countries. And the second undersea boat, the Bremen, must be near an American port now for another cargo—larger than that taken by the Deutschland. And a big fleet of these undersea commercial boats will be sailing across, once it is known that they can beat the blockade—beat it, even once out of four attempts.

The World absolutely refuses to accept the statement of the International Nickel Co. that Germany is not getting Canadian nickel, or that Germany has not thousands of tons of it piled up

in the United States at her order, if she can get her boats into American ports. Nor can we accept for a moment the story that it is necessary to allow the International to handle and distribute all the nickel refined from Canadian ore to American firms under contract to make munitions for the allies. We would not trust these firms for one minute, because they would be tempted by the agents of Germany every day to sell some of the nickel allotted them for allies' purposes; and, once they parted with it, it would be spirited away to some German storehouse or shipped to Germany, as opportunity offered.

American munition firms are in the business to make money out of anything and everything, and they would just as soon do business with Germany as England, or, rather, they would do business with both; and if they could get nickel easily they would sell part of any allotted to them to anyone who would buy at a profit. All we have to say on this point, what we have said a dozen times before, is that if nickel is to go to the States for making munitions for the allies, it should be checked off when it goes and checked up every few days by Canadian representatives; and nobody yet has answered this proposal of ours. One minister bowed out on the platform that our nickel in the States. We'd sooner leave it to Canadian officials, having the nickel in their possession in Canada, and the right to follow it in the States. Why can't that be? The nickel came from Canada, not from Britain. And the responsibility is ours.

The more the nickel question is turned over, the more you read the diatribe

over, the more you read the diatribe

over, the more you read the diatribe

RUSSIANS HAVE RETAKEN MUSH DRIVE GOES ON

Turkish Occupation of Armenian City Was of Brief Duration.

A REGIMENT CAPTURED Russian Victory at Rachtia Was Decisive—Moving on Mosul.

PETROGRAD, Aug. 24, via London, 9.10 p.m.—The Russian forces operating in southwestern Turkish Armenia have recaptured Mush, which was captured by the Turks on Aug. 5, says an official communication issued by the war department tonight. The statement adds the Russians captured 2300 prisoners in the battle at Rachtia. The communication dealing with the Caucasian front says: "Our troops, pressing the enemy in the region to the west of Lake Van, entered Mush, where they took some prisoners."

Supplementary information received from army headquarters says that in the remaining part of the region at Rachtia, where we surrounded portions of the fourth Turkish division, we took prisoner the whole of the eleventh Turkish regiment, consisting of its commander, 56 officers and 1600 of the rank and file, as well as nearly all of the remaining staff of the Tenth Turkish Regiment, consisting of two staff officers, several other officers and 650 Askaris. We also captured in this battle three cannon and three machine guns."

The earlier Petrograd statement intimating that the Russian troops entered at Rachtia were driving in the direction of Mosul, an important city of 60,000 on the route of the Bagdad railway. Mosul is situated on the Tigris, opposite the site of ancient Nineveh, and is about 220 miles north of Bagdad.

GEN. RIEDEL DISGRACED FOR YIELDING GORIZIA

BERNE, Switzerland, Aug. 24, via London, Aug. 25, 2.05 a.m.—A wireless despatch received from Austria says that a court-martial sitting at Klagenfurt has sentenced Gen. Riedel, who was in command at Gorizia, when the city was captured by the Italians, to dismissal from the army and loss of his rank and pension.

ADVANCE STYLES IN MEN'S HATS

The end of the week will see the Fair again close to us, so we will begin to think seriously of the clothes for fall. The new men's hats are new and new fall styles are being introduced that even now if you purchased a fall hat or overcoat you would have a wider stock from which to select. The stock at Dineen's is very complete and includes a new block by Henry Health of London, Eng., for which Dineen's are sole Canadian agents, and other great English makers, besides new designs by Stetson of Philadelphia. Call today at 140 Yonge Street, Dineen's, corner Yonge and Temperance streets.
