The extreme consequent jump in values today was 10% c, and the market closed firm, 5c to 10% c net high- er, with July at \$1.55%, and September at 1.44%. Wheat gained ½c to 4½ c net, and finished at \$2.19% for July and \$1.95% for September. The outcome in oats was a rise of 1% c to 2% c, and in provisions a decline of 5c, to 2% c. Thistead of reducing the cost of the cereal, the circumstance that a maximum limit had been deemed necessary acted on the bulls like the waving of a red flag, and there was a jump of 9% c shown on the very first transactions. Bagerness to purchase corn proved so sreat that all the other trading pits were virtually emptied of brokers. The crowd completely overflowed the arena, and it was decided to remove the corn trade as soon as possible to the big space formerly devoted to wheat. North American avail- able supelles of corn were estimated at 4,556,000, against 16,968,000 bushels a year asoon as possible to the big space formerly	TORONTO In making an investment the selection of the security is the most important factor. Improved crop pros- pects as to both wheat and oats tended, however, to offset to a large degree the effects of the corn bulge. Trovisions eased down on continued dulness of cash demand, and to weakness in the hog market. Foreign interests were said to have been liberal sellers of lard. <b>ITALIANS WITHDRAW</b> SLIGHT DISTANCE Heavy Austrian Attacks	<b>ON DAVIDSON</b> The diamond drills working from the 300-foot level of the Davidson Gold Mines at 168 feet cut what is evi- dently a very important ore body, 32 feet in width.
