# A Fundamental of Simpson's August Homefurnishing Sale --- WORTH

Worth has an added significance in these days when thrift is imperative to every right-thinking man or woman.

How WORTH is building up this business is seen in the fact that within the last six months we have filled, in the store and through the mail, about three-quarters of a million more orders than the same six months of any previous year.

This, in our opinion, signifies a growing satisfaction with purchases made here and determination to stay with the store that safeguards its customers against inferior qualities.
