

two appointments very painful. At other four appointments it has been a year of blessings, every service being a pentecost, endearing pastor and people to each other in Divine fellowship.

Owing to the interest of our Chairman in the work, which he has visited, and to the prayers of many of our people to retain their connexion with our Church, three of our appointments, embracing some sixty members, are likely to be attached to the Alice Mission, and supplied by an English-speaking German minister. Personally, we are very sorry that even one member must be transferred, and yet we are consoled by the thought that they will continue to enjoy the Arminian form of doctrine, and we indulge the hope that our countrymen in the Ottawa valley will yet all be converted to God by its agency. THE French work has not differed materially from that of former years. It may be said, however, that the prospect shines with greater brightness, and thus gives the Missionary a greater encouragement to pursue his arduous duties. The desire to acquire a knowledge of divine truth, on the part of the French Romanists, is increasing on every hand; and with such, a corresponding doubtfulness in the assumptions of the priests of Rome. One of our Missionaries tells us in his report, that on several occasions he has been most cordially welcomed into their houses, and asked to read and expound to them the Word of God. Another says: "Large numbers of Romanists, with ever increasing attention and interest, may be found especially in our evening services." Such manifestations of desire for a knowledge of God's word do not escape the vigilant eyes of the priests, nor fail to excite in them a determination to arrest and crush it
