

MEDICAL DEPARTMENT, QUEEN'S COLLEGE.

◆◆◆

Having been requested to give some idea of the Medical Department of the University, for the information of the Trustees, the following very brief statement is submitted:—

Granted to the Department by the College in 1854.....	£250	0	0
“ by the Provincial Government in 1854.....	250	0	0
Estimate for 1855.....	250	0	0
			£750 0 0
Drawn from Bank in October, 1854.....	150	0	0
“ “ in November, 1854.....	30	0	0
“ “ in March, 1855.....	68	0	0
“ “ in May, 1855.....	61	0	0
			£309 0 0
Leaving a balance, by this view, of.....			£441 0 0

It should be borne in mind, in considering this statement, that a very large amount of the expenditure indicated by it, has been in the purchase of Books, Plates, Instruments, Furniture, &c., &c., being, in fact, a mere conversion of cash into property belonging to the Institution; so that, really, not a fourth of the £309 has virtually been expended.

Information regarding the number of Students, Course of Study enjoined, Fees, &c., &c., may be obtained by reference to the “Annual Announcement;” a copy of which has been sent to each Trustee.

JOHN STEWART,
Sec. to Medical Faculty.
