**DOHERTY'S MODERN  
HAIRDRESSING PARLOR**

72 Charlotte Street

You can put a whole meal in the oven—meat, vegetables and a baked dessert—set the dial for the desired heat, and go along to the parade. Dinner will be ready when you get home.

### On Circus Day

Let your heat control oven cook the Dinner  
MOTHER never misses anything, these days! She goes right along with the youngsters, to the parade and the afternoon performance. And the family has a hot dinner just as though she'd been right in the kitchen all morning long. Meals cook "all by themselves," without watching or worrying, in the regulated oven.

### GAS RANGES

with Oven Heat Control

"the only kind to buy"

Come in tomorrow morning, before the parade starts. Look over these fine ranges and let us tell you briefly more about oven heat control and how it simplifies cooking and meal-getting.

THIRST DISAPPEARS

HOW OFTEN have you heard it said—"Oh, for a cooling drink."

Little do those thirsty people know that parched throats become relieved, thirst disappears when they refresh themselves with a glass of Evangeline Ginger Ale, the cooling, soothing beverage that sparkles and glistens as chilly spring water.

There's a zest, a snap, to its fruity flavor that brings it into almost instantaneous favor.

Travel to the finest restaurants, to the beach, any summer day and you will find them serving Evangeline Ginger Ale.
