SPORT NEWS OF A DAY; HOME AND ABROAD

BOWLING.

Wins Reading Lamp.
Noel Jenkins won the weekly prize for the highest single string on the Y. M. C. A. alleys last week. He carried home a beautiful electric reading lamp as his prize. He rolled 120.

City League.

The Lions captured all four points from the Imperials in the City League game played on Black's alley last night. Lewis' string of 115, Henderson's of 111 and grand average of 108.1-3 and Farnum's single string of 111 and grand average of 102 were the chief features.

Small Crowd There.

One of the smallest crowds that has ever witnessed a championship boxing contest sprang up in Madison Square Garden, New York, it being estimated that not more than 6,000 spectators were present when Lynch and Smith met.

Empty Seats Yawned Conspicuously.

Empty seats yawned conspicuously in all sections of the arena, save the gallery space. Even this section was not filled to capacity, as has been customary in the past. Several bouts for reasons for this surprising lack of patronage at a world's title bout which promised such spectacular possibilities, veterans pointed to the

Play at Night.

New York, Dec. 27.—In the past, darkness has kept certain members of the golfing tribe from pursuing their favorite pastime throughout the winter cycle of hours. Now, even that hindrance has been successfully overcome.

The North Hills Country Club.

Louis has laid out an electric-lighted nine-hole course which will give its members a chance to play as long as the current holds out and likewise afford conscientious business men who have been forced to crowd all their golf into week-ends, an opportunity to play after dark.

SKATING.

New York, Dec. 27.—In addition to swimming, in which she won the medal, Miss Dorothy Wesley has decided to take up speed skating on ice. The Women's Skating Association of New York has admitted Miss Wesley to membership, and she will be taught the rudiments of the sport by Joe Gardner, manager of the 181st Street Ice Palace.

The Women's Skating Association.

The Women's Skating Association was organized at the Ice Palace by Mrs. Joseph K. Savage to stimulate interest in speed skating on the part of girls. The club is rapidly getting in membership. This is due to the fact that the club has extended an invitation to all girls to join it, no matter whether or not they know how to skate.

HOCKEY.

Frederick Defeats St. Stephen.
In Frederick yesterday the High School Hockey team defeated the St. Stephen intermediates, 6 to 0. The visiting team was outclassed and showed lack of practice.

ATHLETIC.

Extols College Games.

Champaign, Ill., Dec. 28.—Declaring his belief in intercollegiate games, David Kinley, president of the University of Illinois, said in a message read at the dinner of the Chicago Illinois Club that they should be considered legitimate parts of educational programmes along with physical education and intramural sports, and fostered to the extent that they are a helpful division of the field of education.

"Intercollegiate contests may be regarded as a legitimate and helpful division of educational programmes. They become objectionable only when they displace intramural sports or are out of proportion with the rest of the program," the message said. "I speak only of their educational value and price. They are, so to speak, the prize exhibitions participated in by those who have through proper training become entitled to be selected as the representatives of the physical education of the institution."

"Viewed from this angle, intercollegiate contests become a matter for the facilities to foster to the extent that they are a legitimate and helpful division of the field of education."

McIntyre Back in City.
Johnny McIntyre, who recently obtained a decision over Nedder Healey of Halifax, arrived in the city last night. He said he had been on a hunting trip and is now feeling fit and ready to meet any one in his class. He said he did not know anything about a return match spoken of between Healey and himself.

BASEBALL.

Wilbert Robinson in Peril.
Annapolis, Md., Dec. 27.—Wilbert Robinson, manager of the Brooklyn National League baseball team, narrowly escaped injury while riding with Robert Strong of South River in an automobile.

Robinson, who is spending the winter season on his hunting trip near here, was driving his machine directly behind a truck loaded with bricks. One of the bricks fell and was caught in the rear wheel of the truck. It was sent crashing through the windshield of Robinson's car. Robinson escaped the shower of glass, but Strong, besides being struck by the brick, sustained several scalp cuts about the face.

GOLF.

Insure Sarazen.
New York, Dec. 27.—In addition to his many firsts in golf affairs during the last season, Gene Sarazen, national open and F. G. A. champion, will do himself some good by insuring himself against accident or death. As soon as Chaucery Depew, president of the new Briarcliff Lodge at Briarcliff Manor on the Hudson, got Gene's signature attached to a two-year contract to represent the club as its professional, he summoned a life insurance agent and applied for a \$100,000 policy on the life of his star.

Sarazen is going away on a long trip," said Mr. Stead, "and we want to make provision against any emergency that might arise. It seems to have become the practice of baseball clubs to insure their star players and I believe it to be only good business."

Pro Match Proposed.

Fresno, Cal., Dec. 27.—Negotiations are under way between Dr. H. L. Brownell, chairman of the Sports Commission of the Sunnyside Country Club here, and Gene Sarazen, national open and professional golf champion, and Joe Hutchinson, former British open champion, to bring them to Fresno to meet Walter Hagen, British open champion, and Joe Kirkwood, Australian open champion. No date has been set, although the players desired to contest in a 98-hole match on January 17. This is not satisfactory to the Sunnyside Country Club.

Hagen and Kirkwood played an exhibition game in Fresno recently, winning by two up from George Howard the Sunnyside professional, and Monte Dutra, pro of the Pebbles Beach course at Marina del Rey. Brownell has asked the famous pro players to come to Fresno on Jan. 21, if that date is satisfactory.

In his five years at the university Rockne's teams have been defeated but three times, and have been tied only once. They have won forty-three games out of forty-seven in that time. Notre Dame was beaten first in 1918, the year Rockne took charge; they lost to Iowa in 1921 and to Nebraska this season. The single tie game was with the Army this year. Rockne has received many offers from other colleges, including one from Columbia this year, and although several of them have named \$15,000 salary as a bait, the Notre Dame mentor has persistently refused to leave his alma mater.

TO SHOW 5 REEL FILM IN COLORS

Boston Theatre with "The Toll of the Sea," to Feature the Product—Hail "Technicolor" as a Great Discovery.

Boston, Dec. 27.—Boston is particularly interested in the showing this week at Loew's State Theatre of the film "The Toll of the Sea," from the fact that not only is it the first five-reel picture which has been done in natural colors, but because the perfect color process by which the picture was made is the invention of two Boston scientists, Prof. Daniel F. Comstock and Herbert T. Kalmus.

This process has been characterized by motion picture producers as one of the notable achievements of the age, and they have invested \$2,000,000 or more in preparations to exploit "Technicolor," as it is called, which is destined, they believe, to revolutionize the motion picture industry.

Experimented in Boston.

All the experiments in connection with the process were conducted in Boston and all films for use being manufactured at the factory of Messrs. Comstock and Kalmus, 110 Brookline avenue. Plans already completed provide for the erection of a big new factory which will have a capacity of 1,000,000 feet of film a week, assuring to this city a brand new enterprise that will cover the entire world.
