The report that Sir Douglas Heazell will retire as chief justice of the N. B. supreme court and return to political life as a member of the Bonaventure cabinet persists, and is growing stronger. UNION BANK MANAGERS IN CONVENTION TODAY

Those From Quebec and Maritime Provinces Meeting in Montreal

J. W. Ryan, manager of the local branch of the Union Bank of Canada, left last evening for Montreal to attend a convention of the branch managers of Quebec and the maritime provinces, which is taking place today. During his absence, Robert Hunter, accountant, is acting branch manager.
Toronto, Aug. 21.—With direct representation now in every province of the dominion we, as a bank, are doing our utmost toward developing a truly national spirit, so that Canada's progress, both industrially and agriculturally, may go forward hand in hand with mutual goodwill and understanding. It was the message which F. W. S. Crisp, assistant general manager, brought from Winnipeg to a convention of the Ontario branch managers of the Union Bank of Canada held yesterday. H. B. Shaw, general manager, presided.

TWO LIQUOR CASES

Two prohibition act cases were dealt with in the police court this morning. George Danford was charged with having liquor in his blacksmith shop in Brussels street and Peter Richards was charged with having liquor in his room in a boarding house in German street.
In the former case Inspector Merryfield testified that he went to Danford's blacksmith shop, accompanied by the inspector McKee, and searched the premises. A bottle partially filled with whiskey was found and the proprietor was ordered to appear in court this morning.
Leonard A. Conlon, who appeared on behalf of the defendant, questioned the witness as to whether or not he had in any way tampered with the bottle and he was told he had not. Inspector McKee corroborated the evidence of Inspector Merryfield.
The defendant was then sworn. He acknowledged having the liquor in his shop, explaining that it had been given to him a few days ago by some men. He said there had never been any in his shop before, and he had never sold any.
Mr. Conlon entered a strong plea on his client's behalf. Magistrate Ritchie said that under the circumstances he would impose the minimum fine of \$50.
In the case against Peter Richards Inspector Merryfield testified that he went to a boarding house at 270 German street this morning and arrested the defendant on drunkenness charge and on charge of having liquor in his possession other than in his private dwelling house. He said he saw a bottle of liquor on a machine and confiscated it and then arrested the defendant.
Inspector McKee corroborated this evidence and said that the defendant's wife said the defendant acknowledged getting the liquor from a man on a steamer docked at the Atlantic Sugar Refineries wharf. As the defendant wished to summon witnesses the case was postponed.

WRIT SERVED ON CHIEF INSPECTOR

Suit by Brayley Drug Company Ltd., Alleging Slander

A writ served on Chief Inspector W. D. Wilson, a few days ago is the commencement of what promises to be an interesting suit. The writ was issued by L. A. Conlon, at the instance of The Brayley Drug Company, Limited. The company is claiming damages for alleged slander. It is understood the greater part of his life was spent elsewhere. He was a graduate of Kingston Military College and then joined the imperial army in England. Later on he was commander at St. Lucia, British West Indies and from there went to Kingston, being loaned by the imperial authorities as professor of tactics. At that time he bore the rank of captain. His period at Kingston lasted five years and was concluded in 1910. Then he went back to the British army in England again and some time later retired from the service. Coming back to Canada he entered the Canadian service with the rank of major and served in the ordnance department at Winnipeg. There he was when the war broke out. While there he also was aide de camp to the governor of Manitoba.

BRINGS FINE WAR RECORD TO THE HOME CITY

Lieut. Colonel Count de Bury and Bocarme Came to St. John Yesterday

Lieut.-Colonel Count de Bury and Bocarme was in the city for a little while yesterday and left for the Cedars where he will enjoy a rest for some ten days. Count de Bury recently returned from overseas to Ottawa with a very fine record made in the war. Of course, many here remember him well, though the greater part of his life was spent elsewhere. He was a graduate of Kingston Military College and then joined the imperial army in England. Later on he was commander at St. Lucia, British West Indies and from there went to Kingston, being loaned by the imperial authorities as professor of tactics. At that time he bore the rank of captain. His period at Kingston lasted five years and was concluded in 1910. Then he went back to the British army in England again and some time later retired from the service. Coming back to Canada he entered the Canadian service with the rank of major and served in the ordnance department at Winnipeg. There he was when the war broke out. While there he also was aide de camp to the governor of Manitoba.
Major de Bury made several efforts to get overseas but his services at home were of too great value.
However in 1916 he obtained his desire and went overseas as colonel of a brigade of artillery from Petawawa. This brigade was distributed among the batteries in France increasing them from four to six gun units. Soon afterwards he was offered the choice of two camps in England as commandant but his wish was to be where the fighting was and he was appointed commandant of the Canadian ordnance forces on the western front. In this position he continued until the end of the war and military men have brought home word of the very fine work he did.
St. John friends who met Count de Bury yesterday were very happy to see him and congratulate him on his war record as well as on the decoration conferred upon him, that of the Order of the British Empire.

A SUGGESTION OF INTEREST ABOUT THE GARLETON MILL POND

You have been so helpful in improving conditions within the city through the medium of the Evening Times and Star that I seek to enlist your co-operation to rid the west side of its worst plague spot. You have, I think, on more than one occasion advocated either dilling up the old mill pond or else draining and dredging it out.
I wonder if the city fathers know what vile place it is when the tide is out. The sewer empties into it, and when the tide is out the residents in the vicinity are compelled to breathe for hours the maddening atmosphere.
It is a noisome place, unsanitary and disgusting, and I feel sure that some of the residents were to take legal action against the officials who had the sewerage carried and dumped in the immediate neighborhood of their house, they would be awarded damages.
Now, Sir, what I propose at this time is an agitation to have the sewerage pipes carried out into the river or harbor, wherever most suitable, then have the water of the bay held at about three-quarters tide, time allowing the high tide daily to change the water, but always retaining enough to make the pond a small lake beautiful to look upon and a constant joy to all who would find pleasure in boating.
I am told that it would cost something like \$20,000 to extend the sewerage pipes; but if the water were always retained in the pond, the pipes could be laid upon the ground, thus cutting considerable off the expense; and some of the land on the west and south sides might be sold for building purposes, thus helping to recoup the city for the cost of the sewerage pipes, and perhaps other means would be found for returning at least a part of the cost.
Consider, Mr. Editor, what it would mean for the city if, instead of the foul place breeding disease and offensive to both sight and smell, we could have a constant lake for the use of pleasure-seekers, covered with boats of varied character, from the canoe to the small yacht in the summer time, and the gay pleasure parties in the winter.
It might be surrounded with electric lights and perhaps crossed here and there with varied colored lights to enhance its beauty. The city might sell to private parties the privilege of having boat houses and places for ice cream in summer or tea and coffee in winter.
Mr. Editor, a place that is now a public nuisance and menace can be transformed into a delightful pleasure resort that would aid in making St. John attractive to tourists as well as to our own people. Will you help?
I am, my dear Sir,
Respectfully,
J. H. JENNER.
West St. John, N. B., August 20th, 1919.
