## A MARVELLOUS REMEDY FOR A MARVELLOUS AGE!

## Holloway's Ointment.

## THE GRAND EXTERNAL REMEDY.

By the aid of a microscope, we see millions of little openings on the surface of our bodies. Through these this Ointment, when rubbed on the skin, is carried to and organ or inward part. Diseases of the Kidneys, disorders of the Liver, affections of the Heart, Inflammation of the Lungs, Asthma, Coughs and Colds, are by its means effectually cured. Every housewife knows that salt passes freely through bone or meat of any thickness. This healing Ointment far more readily penetrates through any bone or fleshy part of the living body, curing the most dangerous inward complaints, that cannot be reached by other means.

## ERYSIPELAS, RHEUMATISM AND SCORBUTIC HUMOURS

No remedy has ever done so much for the cure of diseases of the Skin, as this Ointment. Scurvy, Sore Heads, Scrofula, or Erysipelas, cannot long withstand its influence. The inventor has travelled over many parts of the globe, visiting the principal hospitals dispensing this Ointment, giving advice as to its application, and has thus been the means of restoring countless numbers to health.

## SORE LEGS, SORE BREASTS, WOUNDS & ULCERS.

Some of the most scientific surgeons now rely solely on the use of this wonderful Ointment, when having to cope with the worst cases of sores, wounds, ulcers, glandular swellings, and tumours. Professor Holloway has dispatched to the East, large shipments of this Ointment, to be used in the worst cases of wounds. It will cure any ulcer, glandular swelling, stiffness or contraction of the joints, even of 20 years standing.

## PILES AND FISTULAS.

These and other similar distressing complaints can be effectually cured if the Ointment be well rubbed in over the parts affected, and by otherwise following the printed directions around each pot. Both the Ointment and Pills should be used in the following cases:

Bad Legs, Chieftain's foot, Bad Breasts, Chilblains, Burns, Chapped hands, Bunions, Corns (soft), Bite of Mosquitoes, Cancers, and Sand Flies, Contracted and Stiff Joints, Coco-bay, Elephantiasis, Gout, Fistulas, Glandular Swelling, Lumbago, Piles, Rheumatism, Scurvy, Scrofula, Sore Heads, Tumours, Ulcers, Wounds, Yaws, Sore Nipples.

Sold at the Establishment of Professor Holloway, 244, Strand, (near Temple Bar) London, and 80, Maiden Lane, New York also by all respectable Druggists and Dealers in Medicines throughout the Civilized World; in Pots, at 1s. 3d., 3s. 3d. and 5s. sterling, each Pot.

There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder, are affixed to each Pot.

It has been the lot of the human race to be weighed down by disease and suffering. HOLLOWAY'S PILLS are specially adapted to the relief of the WEAK, the NERVOUS, the DELICATE, and the IRRITABLE. of all climates, ages, sexes, and constitutions. Professor Holloway personally superintends the manufacture of his medicines, and offers them to a free and enlightened people, as the best remedy the world ever saw for the removal of disease.

## THESE PILLS PURIFY THE BLOOD

## AYER'S PILLS.

A new and singularly successful remedy for the cure of all Bilious Diseases—Constipation, Indigestion, Jaundice, Dropsy, Rheumatism, Fever, Gout, Humors, Nervousness, Irritability, Inflammations, Headache, Pains in the Head, Side, Back, and Limbs, Female Complaints, &c. &c. Indeed, few are the diseases in which a Purgative Medicine is not more or less required, and such sickness and suffering might be prevented, if a harmless and effectual Cathartic were more freely used. No person can feel well while a clogged habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative.

This is alike true of Cold, Febrile symptoms, and Bilious derangements. They all tend to become or produce the deep-seated and formidable disorders which lead the horses all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing anything hitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth.

Among the eminent gentlemen to whom we are allowed to refer for these facts, are—

PROF. VALENTINE MOIT, the distinguished Surgeon of New York City.

DOCT. A. A. HAYES, Practical Chemist of the Port of Boston, and Geologist for the State of Massachusetts.

ISA I. MOORE, M. D., an eminent Surgeon and Physician, of the City of Lowell, who has long used them in his extensive practice.

H. C. SOUTHWICK, Esq., one of the first merchants in New York City.

C. A. DAVIS, M. D., Surg't and Surgeon of the United States Marine Hospital at Chelsea, Mass.

These Pills, far from doing long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical processes, in a state of purity and combined together in such a manner as to insure the best results. This system of composition for medicines has been found to be the most successful, and has been adopted by the most eminent chemists and physicians of the present day. The reason is perfectly obvious. While by the old mode of composition, every medicine is burdened with more or less of acrimony and injurious qualities; by this, each individual virtue only being retained. Hence it is self-evident the effect should prove as they have proved more purely remedial, and the Pills a sure, reliable substitute to disease than any other medicine known to the world.

As it is frequently expedient that my medicines should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition, I have supplied the accurate Formula by which both my Pills and Pills are made to the whole body of Practitioners in the United States and British American Provinces. However, those who should be any one who has not received them, they will be promptly forwarded by mail to his address.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting wherever they exist such derangements as are the first origin of disease.

Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

For minute directions, see the wrapper on the Box.

## AYER'S PILLS.

FOR ALL THE PURPOSES OF A FAMILY PHYSIC.

THERE has long existed a public demand for an effective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown that it answers all the requisites of a good family physic. It is easy to make a physical pill, but not easy to make the best of all pills—one which should have none of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is acrimonious and irritating to the bowels. This is not. Many of them produce so much griping pain and revulsion in the system as to cause them to be taken with reluctance, and thus the good to be derived from them is lost. These pills produce no irritation or griping pain, and revulsion in the system as to cause them to be taken with reluctance, and thus the good to be derived from them is lost. These pills produce no irritation or griping pain, and revulsion in the system as to cause them to be taken with reluctance, and thus the good to be derived from them is lost.

It is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the wrapper. Among the complaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor and Loss of Appetite, Headaches, Irritability, Bilious Headaches, Bilious Fevers, Fever and Ague, Pains in the Side and Loins, &c. In truth, all these are but the consequence of diseased action in the liver. As an aperient, they afford prompt and more relief in Constipation, Piles, Colic, Dysentery, Humors, Scrofula and Scurvy, Colds with soreness of the body, Ulcers and impurity of the blood; in short, any and every case where a purgative is required.

They have also produced some singularly successful cures in Rheumatism, Gout, Dropsy, Erysipelas, Palpitation of the Heart, Pains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. An occasional dose stimulates the stomach and bowels into healthy action, and restores the appetite and vigor. They purify the blood, and by their stimulant action on the circulatory system, renovate the strength of the body, and restore the wasted or dissipated energies of the whole organism. Hence an occasional dose is advantageous, even though no serious derangement exists; but necessary dosing should never be carried too far, as every purgative medicine reduces the strength, when taken to excess. The thousand cases in which a physic is required cannot be enumerated here, but they suggest themselves to the reason of every body; and it is confidently believed that no larger answer is better possible than any thing which has hitherto been available to mankind. When their virtues are more known, the public will no longer doubt what remedy to employ when in need of a cathartic medicine.
