WAS WELL ATTENDED

THE PROMENADE CONCERT AND GARDEN PARTY AT "HOME- WOOD"

The Promenade Concert and Garden Party held last evening on the spacious grounds at "Homewood" under the auspices of the Ladies Aid of the Baptist church, was well attended and a gratifying success financially and otherwise. The beautiful grounds were never more attractive, being prettily decorated with flags and bunting and brightly illuminated by torches and Chinese lanterns. An excellent programme of evening music was rendered by the Citizens' Band, which was thoroughly enjoyed by all participating. The refreshment booths were well patronized and in every respect the Ladies have reason to feel proud of the success of their undertaking.

TROUBLE AT COLUMBUS

STREET CARS ARE ALL LOCKED IN THE BARN.

Columbus, O., July 28.—With every car on the entire street railway of the city, locked in the various barns, city officials and the railway heads are awaiting the arrival of the State militia which was called out early this morning.

A detachment of strike-breakers from Cleveland, and Cincinnati arrived this morning and were hurried to the various barns where accommodations have been provided for them. Adjutant-General Vespertine, Sheriff Sartain and Secretary to the Governor Geo. S. Long, were called out by their beds after midnight to attend a conference at the State House where they met Mayor Marshall, Service Director Hagan, Brig-Gen. Wm. V. Macken, of Toledo, in command of the first brigade.

Everything was ready for the expected call. Telegrams ordering capture of companies to make their troops, which previously had been prepared, were sent out. Colonels of regiments were notified by telephone to move their troops to Columbus. The entire first brigade, including the second, third and sixth regiments, the second signal corps and field hospital of Toledo and Troop A of Cleveland, came to Columbus.

FOREST PRODUCTS

CENSUS TO BE TAKEN ON JUNE 18, 1911.

The census of the forest products of Canada, to be taken on 1st June, 1911, will embrace square, waxy or flat timber, logs for lumber and miscellaneous products.

In the forest products are included ash, birch, elm, maple, oak, pine and all other timber cut as square, waxy or flat, and in the enumeration will be reported for cubic feet and value.

Logs for lumber, which are included in the second class, are in each woods as elm, hickory, hemlock, oak, pine and spruce. They will be enumerated in the census by quantities of 1,000 feet board measure, with value in the same unit.

Miscellaneous products of the forest include bark for tanning, fence posts, firewood, hoop and hop poles, shafts and spars, piling post and pearls, rails, railroad ties, staves, staves, poles and heading, telegraph poles (including telephone and other poles for electric wires), wood for pulp, and the furs and skins of forest animals (undressed, and they are enumerated by number or quantity and value).

The census of forest products will be taken chiefly from farmers and the lessees of timber limits.

COUPLE AGAIN MARRIED

HAD BEEN SEPARATED 41 YEARS AND NEITHER HAD MARRIED.

Des Moines, July 27.—Divorced more than 40 years ago, but still retaining the flame of love that prompted their first marriage, John Castle, aged 70, appeared in the County clerk's office in the courthouse this morning to secure a license for their second marriage.

John Castle is a resident of Herkimer County, New York, and it was there that he met Lucretia Layman back in the early fifties. After an arduous journey, the couple were married in 1869, he being 25 years old and she 21. Eight years later Mrs. Castle secured a divorce from her husband in New York State and came to Des Moines, Ia., to live.

The reconciliation between Castle and his wife was secured by the sister with whom Mrs. Castle has lived. Although Mrs. Castle never received any word from her former husband during their separation of 41 years, their hearts beat true to the first love and neither married. When the sister found that Castle had remained true to his first wife and was still single, she began a correspondence which resulted in his coming to Iowa last week to reclaim his wife. They came to Des Moines to marry.

The Farmers' Binder Twine Company of Brantford, has closed down, being unable to procure raw material because of the strike.

STRIKE SITUATION AT DURAND, MICH.

Five Hundred State Troops are Encamped Alongside the Railroad Tracks

Durand, Mich., July 28.—Despite the frequent reiterated of the Grand Trunk Railway officials that the strikers are gradually giving way and that soon the traffic of all kinds will be normal, five hundred State troops of the Michigan National Guard are encamped alongside the railroad tracks here to-night. Every man has been issued one hundred rounds of ball cartridge and strong-arms whose credentials are not absolutely flawless are denied admittance to the lines. While there has been no outward act of violence at this point as yet, Sheriff Watson found the tension between the strikers and those who remained loyal to the company increasing hourly, and yesterday he applied to the Governor for troops. The first battalion reached here at 3 p.m., and the second at 8 o'clock to-night. As they detrained the soldiers were watched closely by a sullen crowd, but no word was spoken and the khaki-clad men proceeded to camp. To-night the troops here are being patrolled by sentries, the men being relieved every two hours. Tomorrow the real test is looked for, when one hundred strike-breakers will march here from Chicago and go immediately to work making up freight trains preparatory to relieving the congestion in the yards.

At a meeting to-night of the citizens' petition was read and unanimously adopted requesting Governor Warner to withdraw the soldiers, as their presence here, was, in their opinion, unnecessary.

BOTH AFTER ONE POWER

BRACEBRIDGE AND HUNTSVILLE EACH WANT HIGH FALLS LEASE.

Toronto, July 28.—Bracebridge and Huntsville people are locking horns over the power question. It reached the cars of Hon. Frank Cochrane this morning when a deputation including representatives from both places appeared on the scene.

Bracebridge, it appears, got the lease of a water power, known as High Falls, some three years ago, on development conditions. They were to go ahead and develop electric power for municipal purposes.

Now Huntsville people come forward and say they have not made good and supplement this with the request that Huntsville be given a chance. High Falls is adjacent to both towns, but nearer Bracebridge than Huntsville.

The answer of the former place to this is that they have made a bona fide effort but are at present tied up with another power proposition, as it falls a mile above High Falls, and that when this gets to be a going concern they will put all their energies on High Falls and transmit all the power thus developed over the line of wires.

Hon. Mr. Cochrane heard what both had to say and promised that an officer of the department would investigate the matter.

Mayor Armstrong and Messrs. Gordon and Mitchell of Bracebridge, and Mr. William Mayher, Secretary of the Huntsville Board of Trade, headed the deputation.

KILLING OF BIG GAME

WILL INDIANS CONTINUE TO EN- JOY PRIVILEGE OF KILLING OUT OF SEASON?

Fort William, July 29.—Whether the Indians of this part of Ontario will continue to enjoy their long unchallenged privilege of killing big game out of season, depends largely upon the result of an agitation started by one of the red men themselves.

Contrary to all precedent, local authorities took it upon themselves last spring to restrain Indians from shooting moose during the closed season. During May and June Simon Peneasi the full-blooded Indian constable on the Mission reservation near here, made no less than a half dozen arrests for violations of the game law, and he secured a conviction in each case.

Matters were making fine for Simon until George Horrigan, of Port Arthur, was appointed acting Indian agent some weeks ago.

During the progress of a case before him this morning, in which Peneasi charged a man of his own race with slaughtering a moose out of season, Mr. Horrigan gave it as his opinion that Indians had, under the old Robinson treaty, a perfect right to kill big game in unorganized territory at any time of the year.

Upon being informed that the case would be postponed indefinitely, the Indian constable accused Mr. Horrigan of combating his "rights."

The case will be left in abeyance pending an opinion from the Governor-General which will be applied for by Mr. Horrigan and Crown Attorney Langworthy.

THE GUN

BRANTFORD DEFAULTED TO IN- GERSOLL IN WESTERN ON- TARIO TRAPSHOOTERS' LEAGUE.

Brantford trapshooters did not visit Ingersoll yesterday for the scheduled match in the Western Ontario League, with the local trapshooters. President Fisher, of Stratford instructed the local shooters to go on and shoot just as if the match was taking place and forward the scores to the Secretary of the League. The scores were as follows:

Five-men team; Partio 23; Kirbyson 23; James 18; Jonson 21; Nichols 23. Total 108.
Two-men team No. 1—Partio 22; Kirbyson 23. Total 45.
Two-men team No. 2—Jonson 21; Nichols 23. Total 44.

THEY WANT I. C. R.

Mackenzie and Mann Cast Covetous Glances at It.

TO COMPLETE THEIR LINE

Big Railway Promoter Declares That In Three Years the C.N.R. Trans- continental Will Extend From the St. Lawrence to Pacific Ocean— Intercolonial Railway the Natural Completion of Road.

Montreal, July 29.—William Mackenzie announced yesterday evening, probably the first time for publication, that the Canadian Northern Railway wanted to get possession of the Intercolonial Railway from Montreal to Halifax and Sydney.

The president of the C.N.R. stated that they had laid 291 miles of track already this year in the Provinces of Alberta and Saskatchewan. Besides the sixty-mile contract from the Pacific coast eastward, he stated that they had also given a contract for the construction of 140 miles of road east of Edmonton, and that they would now push the main line vigorously from both ends, till the track reaches, say three years hence, meet somewhere in the mountains, thus completing their connection between the waters of the Pacific Ocean and Lake Superior, if not the St. Lawrence.

During four and a half years, Mr. Mackenzie said, the Canadian Northern had done nothing on the main line, but during that time they have built no less than 1,200 miles of branches, and from this policy of keeping the branch lines well along, comes the success attending the Canadian Northern as a freight carrier on the plains and from Lake Superior westward.

Being asked what his company intended doing in the east Mr. Mackenzie said: "We want the Intercolonial, which will be the natural extension of the Canadian Northern from here to the Atlantic seaboard."

"Are you not afraid some of the other fellows will get it away from you?" the president of the Canadian Northern was asked.

"There is not the slightest danger of that," said President Mackenzie as he left to catch the Toronto train.

Relations Broken Off.

Paris, July 29.—A special to The Temps from Madrid says that the Spanish Government has now received from the Vatican a categorical refusal to proceed with the negotiations for a revision of the Concordat unless the imperial decree of June 10, which authorized non-religious societies to display the insignia for public worship, is withdrawn.

The correspondent adds that Premier Canalejas is resolved not to yield this point and will advise King Alfonso to recall Senor de Ojeda, the Spanish ambassador to the Vatican, and suspend diplomatic relations with the Holy See.

Madrid, July 29.—Diplomatic relations between Spain and the Vatican were broken off yesterday.

Promotion In Civil Service.

Ottawa, July 29.—A big agitation is on in the civil service here to obtain a change in the new civil service act, having reference to the question of promotion.

The civil servants want the promotion examination to have reference to their departmental work. There are many who passed for promotion under the old act, but have never got it and never will while the present regulations obtain.

Conference on International Rates.

Ottawa, July 29.—Chairman Mabee of the Railway Commission has gone to Nova Scotia to inspect the railways under the jurisdiction of the board there. Towards the end of August he will go to Vancouver.

Hearing Postponed.

Lindsay, July 29.—The charges of conspiracy against A. B. McGill, J. J. Fleury and J. L. Coulter of Lindsay, were not proceeded with yesterday, the defence securing an adjournment till next week.

Postal Facilities Poor.

Calgary, July 29.—The Board of Trade is renewing its complaints about the lack of postal facilities at the city office.

THE ENTRANCE EXAMINATIONS

Candidates Who Made Total of Sixty Per Cent. May be Passed

Toronto, July 29.—In view of the large proportion of candidates for the entrance examinations who failed to make the required number of marks to get them through this year, on account of the alleged "trickiness" of some of the questions, the Minister of Education of Ontario has authorized Boards of Examiners throughout the Province to grant at their discretion, for the present year, pass standing to candidates who have made less than forty per cent in any one subject, but who have made sixty per cent of the aggregate marks.

Thus a high standing made by a candidate in one or more subjects at the examinations will be allowed to compensate for a standing of lower than forty per cent in any other one subject, provided that the total number of marks obtained by him is sixty per cent or over. It was the examination in arithmetic which this year was regarded as being composed largely of catch questions, and which was responsible for the failure of a large number of candidates.

The following is the official announcement on the subject, given out by Dr. A. H. U. Colquhoun, Deputy Minister of Education:

"The Minister of Education authorizes Boards of Examiners to grant, at their discretion, for the present year, pass standing to candidates who have made less than forty per cent of the marks in any one subject but who have made sixty per cent of the aggregate marks."

GOO. CULHAM, A STREET RAILWAY LINEMAN IN BRANTFORD, RECEIVED SERIOUS INJURIES BY FALLING FROM A TOWER WAG- GON.

SLOW PROGRESS MADE IN CONSTRUCTING NEW HYDRO- ELECTRIC.

Toronto, July 28.—Owing to a dearth of workmen the progress of stringing the wires for the new Hydro-electric is slower than was anticipated or than is to the liking of the commission. However, as the contractors say that they cannot get the necessary men there is little use complaining of the rate of progress. The work is being attacked at all points of the line, but special attention is being paid to the line at Dandys, as that will be the point for the power distribution. At present live gangs of men are engaged on the work, and more will be put on just as they can be had. The officials are reticent about estimating when the line is likely to be completed, as there is a considerable amount of work yet to be over-taken.

THE WISE HOUSEKEEPER'S CHOICE.

Clark's Pork and Beans have undisputed supremacy. The thoughtful housekeeper finds them a great economy of time and hard work on a hot day. Wm. Clark, Mfr., Montreal.

DYING OF SHOCK

BURGLARS WITH DARK LANTERN ENTERED OLD LADY'S ROOM.

Asbury, Park, N.J., July 28.—As a result of a visit of negro burglars, who operated in this vicinity last night and secured considerable plunder, Mrs. M. E. Allard, 83 years old, is lying at her cottage in Ocean Grove. One of the burglars thrust a dark lantern in her face as she was lying in bed and so shocked the aged woman that she was seized with a nasal hemorrhage, which her physicians have been unable to check.

WHY NOT HAVE THE FINEST COFFEE?

What is the use of drinking an average quality of coffee, when for less cost you can have the very finest coffee obtainable—White Swan Brand? The next time you order coffee ask your grocer for White Swan Brand.

THE WEATHER.
