WANTED - A CANADIAN NATIONAL CURRENCY. A year hence the Parliament of Canada will be called upon to face one of the most important issues presented to the consideration of our legislators.

THE HARBOR. We trust that there will be a full attendance of the members of the Board of Trade on Thursday to discuss the report on the harbor presented by the committee on Thursday last.

THE HARBOR (continued). We dealt yesterday at some length with that part of the report of the committee which recommended the purchase of the McLeod and other water streets south of it and west of Water Street, and the building of an extension of the present corporation pier so as to give it a face of about 1,000 feet.

THE HARBOR (continued). The steady growth of THE EVENING GAZETTE since the first number was published on July 23, 1888, has been the subject of great surprise, not only among the newspaper men of the Maritime Provinces, but also to the general public.

THE HARBOR (continued). The Maybrick committee have resolved to apply for a writ of habeas corpus on the ground that her sentences of penal servitude is illegal and void. This will bring up the whole question of the power of the Home Secretary to make a school trustee, says the Globe.

THE HARBOR (continued). The Bishop of Ontario has been speaking in favor of reducing the cost of funerals and against "the vulgar ostentation with which funerals are conducted, and the enormous expense at a time when widows and orphans can least afford it."

THE HARBOR (continued). The result of the election in the St. John division of Lincolnshire seems to add to the proof of what has long been suspected, that the Liberal Unionist vote has disappeared. At the general election in 1885, before the split in the Liberal ranks Mr. Chaplin obtained 4,701 votes in this constituency, and his opponent secured 3,460, a majority of 1,241 for the Conservative candidate.

THE HARBOR (continued). We are glad to learn from the Ontario September Crop Bulletin that the crops in that province, although not so good as was expected some time ago, are on the whole better than the average of the past seven years. The wheat yield was 8,250,000 bushels less than the average of the last seven years, and 5,000,000 less than last year.

THE HARBOR (continued). Bishop's Hatfield, served under the vicar of Great Yarmouth. The tall figure of the Prime Minister's son was well known in the narrow and peculiar courts where real boaters receive their final smoking. Now he has a daily service at Hatfield House to perform, and to provide ministrations twice a day at the magnificent parish church, while on Sunday with the aid of only two curates, he also finds services at twelve district churches, a mission church and a Sunday school.
