Wide-sprealand numerous class of human ailments.

The RAPION is sold by sampson. One of the hands employed on the boat got estat the work dismissed thi was at sufficiently proved that the wifein with the steel human was the offender, and dismissed thi was at sufficiently proved that the wifein with the steel hower part of the wheel to maintain his position, he wriggled as near to the mate as he could, and finally made him understand what had happened: the starboard bow light had gone out.

Those who have ridden out a really bad gale at sea in a small craft, help
The man, Victor Bray, had his leg cut off and was removed to the Columbia hospital, where he is reported this evening to be progressing favorably.

Wholesaie from Henderson Bros., Ltd., Victoria, B. C.

intimated his intention of going for ward to see about the matter, "Quicker the better," grunted his superior, and mate and A. B. accomplished the tightchooner once more: with infinite diffisucceeded in emptying, refiling and re-lighting the bow light; and all would gingerly pushing the lantern home with chooner rose to the top of a sea, a olid wall of water came over the bows, and the mate had need of both hands prevent himself from being washed erboard; as it was, he felt himself going straight out perpendicular to the rigging, and his arms were nearly renched from their sockets. When the landed on the deck again, lantern, slide and all had completely vanished. then he worked his way aft once more and reported the mishap to the skipper. There was no other lantern to replace one gone, so nothing further could The liner had set herself to break a

ecord, and, with a clean bottom-she was just out of dock-hand-picked coal. picked stokers, and pecuniary rewards offered, had flung herself at the Western Ocean like a rifled projectile from a 12-inch gun; her great razor-edged stem, thirty feet in the sheer, was back- was vigorously revived by the minister ed by 300 feet of turtle back, and what horse power her engines were developing her "chief" was the only man who litself, but into the conduct of the po-knew; but she was flinging the knots behind her by the hundred and pushing the clock back by the hour in the missed, with several other officials, great task that she had been set to accomplish. It was all right the first two tired. Then the minister placed the days out, and her passengers, entering case in the hands of the carabineers, into the spirit of the attempt, were a body half police and half soldiers, wild with excitement at the huge total that corresponds roughly to our Northof "the day's run" as displayed in that elegant ladies' boudoir which went by, and mocked at, the name of "the main high spirit of its members. Shamehatch." But when you travel by water at the speed of an express train you are apt to alter your weather somewhat suddenly. The second evening real protection the country enjoys out passengers were congratulating themselves on the lovely weather and how wonderfully clear was the atmosphere. They entered on the work with enthusiasm, ten of them being assigned to the Cuacalo case, and she was doing her best to poison with that the government has declared war the greasy wreaths arising from the to the knife on the Camorristi. orth Country coal that she was urning. But the captain of the liner senters. "There's a snorter ahead," he said curtly to the first officer, and that weatherwise officer nodded his head dertaken a task as herculean as praise-and gave vent to some sea blessings worthy in determining to crush it out. which caused his superior to smile grimly and remark, "Say that all over again, for it's only half what I feel."

Soon, very soon, the wind was singth through the sparse wire rigging through the sparse wire rigging. D HALL

100 GOVERNMENT STREET.

Soon, very soon, the wind was singting and the great funnel guys like some monstrous AEolian harp; the note grew deeper as the weight came in the wind, and then the sea arose and smote her: but what cared she? Let all the gales loose, pile one upon the other—it is nothing to her; the food demon she fears but none other. Still, this was a gale to give pause even to so mighty a ship as this; and very information, members of the Camorrae. ing monster of a wave which fled before the shricking gale carried on its
summit a breaking, scattering tumble
of foam, and as the small craft climbed the side of the seas on a long slant

WAR DECLARED ON THE CAMORRA

gale of wind is most emphatically one The Italian Government is Determined to Exterminate Ancient and Formidable Society

A gratifying sign of the times is culty and danger they unshipped the recalcitrant lantern, to find when they ernment to exterminate the Camorra, got it inboard that it was half full of the most powerful of the secret socie sea water. Miracles are popularly sup-ties of the world. The disrepute into posed to have gone out of fashion, and which members of these bands operatposed to have gone out of fashion, and yet these two seamen successfully accomplished what was certainly next door to one in the circumstances in which they found themselves, for they succeeded in emptying, refling and resucceeded in emptying, refling and reliabling the how light; and all would lighting the bow light; and an would the Toronto Mail and Empire. The Hard Society, whose murders in the Toronto Mail and Empire. The equally successful in replacing it; but here luck failed, for as the mate was wide notoriety, has been a curse to one hand into its little green-painted thousands of them to be regarded with unjust suspicion by native-born Amerthousands of them to be regarded with icans and foreigners from other coun-

> The Cuacalo Case. A little more than a year ago cccurred the event that precipitated the Cuacalo was found dead, his body covered with stabs and gashes, as happens to victims of the society's ven-geance. Soon after, the body of his wife was found, mutiliated in the same showed that the murders had been simultaneous. There was the usual half-hearted seach for the murderers, and some over-zealous young policeber of suspected persons. They were

expected, and the matter dropped. Government Takes Hold. After an interval of some months, it othere, the faintest smudge of smoke have arrested some hundreds of per-on the horizon showing up as if it were sons, all members of the Camorra, and well down under the rim of the world was all accused of participation or guilty knowledge of the double murder. In Naples this is taken as an intimation

The Camorra. son, but lightly marked, so as to be noticeable only on a close look. The rest and imprisonment mean advance-

It Lives on Blackmail. The Camorra lives on blackmail. It is said that every farmer, every cabdriver, every wine shop, every mo it to eighteen knots, and even her great length felt the lift of such a sea as take him, varying from the stabbing She had passed quite close to the schooner, not seeing her, and now she his ears. Complaint to the local polay right in the track of the liner: there was no blame, for the small tossing, turnbling object was under the cut water before she became visible—then a hurried order, a snatch at the wheel, but before the great the could be small to single same than the civil police are either afraid of the Capital but before the great the could be small to single same than the could be small to single same than the could be small to single same than the civil police are either afraid of the Capital but the small tossing in the small tossing is no help given, but the society learns of the appeal and another outrage follows. but before the great ship could feel the touch of her helm the bows rose and this is the reason why the carabineers

ment in the order. If they are fined

the order supplies the funds.

The trial of Lucy Gordon, a half-bree woman, charged with stabbing an Indian at Shoal Bay about a month ago, was heard before His Honor Judge Cane in Vancouver Friday. Osborne Plunkett appeared for the crown, and A. D. Taylor for the primer. The evidence showed that the standard had occurred in a drunken row at small Bay, but the court decided that the was at sufficiently proved that the was at sufficiently proved that the was at the offender, and dismissed this lase.

A BROKEN-DOWN SYSTERL This is a condition (or disease) to which doctors give many names, but which fow of them really understand It is simply weakness—a break-down, as it were, of the vital forces that sustain the system. We matter what may be its causes (for they are almost number less), its symptoms are much the same; the more prominent being sleeplessness, sense of prostration or weariness, depression of spirits and want of energy for all the ordinary affairs of life. Now, what alone is absolutely essential in all such cases is increased vitality—rigour— VITAL STRENGTH & ENERGY

to throw off these morbid feelings, and experience proves that as night succeeds the day this may be more certainly secured by a course of the cele-trated life-reviving tonic THERAPION No. 3 than by any other known combination. So sur as it is taken in accordance with the prin directions accompanying it, will the shatte health be restored,

health be restored,

THE EXPIRING LAMP OF LIFE
LIGHTED UP AFRESH,
and a new existence imparted in place of what
had so lately seemed worn-out, "used up," and
wallueless. This wonderful restorative is purely
vegetable and innocuous, is agreeable to the taste
—suitable for all constitutions and conditions, in
either sex; and it is difficult to imagine a case of
disease or derangement, whose main features are
those of debility, that will not be speedily and
permanently benefited by this never-failing recuperative essence, which is destined to cast into
oblivion everything that had preceded it for this
wide-spread and numerous class of human ailments.
