Degrading His Profession,

A POCTOR WHO RAILED AGAINST SMALL POX, AS AN ADVERTISING DODGE, AND, YET, WAS HIMSELF VACCINATED AS WELL AS HIS CHILDREN.

It is a well known fact that the great est sensational advertisers for fame and for money are the quack ductors and year dors of patent medicines, but it is only very occasionally that a man who apparently has a right to the title fo M. D. gets into print for raising a sensation and floods the city with pamphlets agains well-known and respected usages in med icine. Montreal is at present favored with such an individual. About a month United States. 5. All baggage, clothing, and other effects, and articles of merchaudise, coming from infected districts and liable to carry working hard in the promotion of vac-cination, one, Dr. A. M. Ross, M. D., K. S. A., F. R. S. L., residing on Dor chester street, loomed up as an anti-vaccinationist. He was determined to have his views circulated, and to attain that object, is believed to have

issued a sort of paper called the Anti-Vaccinator. Under the heading of the paper was the following quotation from Jerome: "If an offence come out of the truth. better it is that the offence come than that the truth be concealed His platform was that disease was intensi but on the contrary produces its like, and that exemption from epidemics of smallpox, cholera and other diseases of a zymotic character is not to be found in vaccination. This platform was followed by an effusion in 'Hiawathan' style, tak. ing up a whole page against vaccination. The nictorial art was also brought into

has accepted an unfortunate policy injustice begun by them. It has tightened its grip upon the threat of an already struggling interest and the grip is a strangling one. How the grip is to be relaxed it is the government's business to determine, but it had better decide the matter soon. It is a case in which delay is dangerous all round. -----
