April 28, 1868. he Tuck family are descended from Robert Tuck (or Tucke) who came to New England about 1636 and lived for a time in Watertown, (near Boston) and in Salem. He came from Gorslston, a seaboard town in the ortheasterly part of the county of Suffolk, England, bordering upon the of Norfolk. W. H. Tuck was born in the city of St. John Februearly education in the schools of this city, he entered as a student at the Sackville Academy in Oct. 1844, and Allan Wilmot of Fredericton, afterwards judge of the supreme court and lieutenant governor. Mr. Tuck rewas elevated to the bench in 1851, completing his term of study with William Jack and was admitted as an attorney in Oct. 1858, and in Oct. 1855 was called to the bar. In June, 1867, he was made a Queen's Counsel. During the time he has been at the bar he has not been in partnership with any other person, relying solely on his own abilities to satisfy the demands of a large and ever increasing practice. For years Dr. Tuck was actively engaged in politics, indeed soon after entering on this field he became a leader among his party in the county of St. John Up to confederation he was a staunch pporter of Sir Leonard Tilley, and he was one of the most active men in the provinces. In 1867 he was appointed clerk of the crown, which important office he held until it was abolished by the local legislature in 1883. On the death of R. L. Hazen in 1874, he acceeded that gentleman as recorder of St. John. In the same year Mount the alumni, conferred upon him the honorary degree of D. C. L. The chairman proposed the health of the guest of the evening. He said the occasion was a notable one in the legal annals of the province, because tonight there was the most representative gathering of legal gentlemen in its history. He referred to similar occaisons, notably the anniversary of Sir John C. Allen and Sir William Ritchie. The gathering had come to do honor to the guest solely, and was only lim ited by the capacity of the accommodations at hand. The response had been spontaneous. THE CHIEF'S REPLY.

Good Fellow.

On rising to respond, the chief was greeted with three cheers and a tiger. He felt, he said, overwhelmed at the honor done him. He thought of himself, is this for the man, or the chief fession, which was responded to by justice, or what he represents? He thought it charming to see present so many friends like Judge Stevens, Dr Stockton and Mr. Skinner. Fifty years of an attorney's life was a long time. He felt like a father to the members of the profession around him. He had always had the kindliest feeling for the younger members of the profession, and if he had ever had antagonism, it was toward the elder members of the profession. His honor, was so visibly affected by the tribute that he was unable to speak at any length. On resuming his seat he was

The attorney general, in passing, paid an eloquent tribute to the judiciary of the province, and was prepared to say that never in the history of the country had we had a bench which enjoyed the confidence of the people as the bench of today. He next referred to the judges of the inferior courts, and complimented them on the manner in which they discharged their functions. He coupled the names of Mr. Justice Hanington and Mr. Justice Stevens, who had recently been J. Fraser Winslow, J. King Kelly, J. S. retired from the county court judgeship Neill, M. N. Cockburn, K. Mr. Justice Hanington, on responding, felt grateful at being present on such a representative occasion, doubly enhanced because of the honor of responding which had been conferred Thompson, K. C., E. A. Riley, J. T. upon him. He urged the members of the profession to aim at high ideals and seek always to do their duty. He himself was the only survivor of a meeting of the barristers' society in that year. He had been a judge of the county court for thirty-six years and felt that he had faithfully served his time. In coming to do honor chief justice, he felt that he had some to friends as he and the chief had atained the honor of Queen's Counsel the same year. In an eloquent speech he recalled the old days and former confreres. He paid a warm tribute to the name and memory of Sir John Allen and in glowing terms referred to his distinguished personal and profes-sional qualities. He referred in the highest terms to the judiciary. Des-troy it and you destroy the bulwarks troy it and you destroy the Dulwarks of the liberties of the people and the institutions of the country.
