Resting Quite Easily Last Evening. Norma, the three-year-old daughter of H. M. McAlpine, who was terrified by a fire on Wednesday night, while she and some companions were playing with matches in the yard of W. Tremaine Gard, was resting quite easily last evening, but whether or not she will recover cannot be determined for three or four days.

An Old Resident Dead. The death took place yesterday, at the residence of her son in Fairville, of Mrs. Mary Alton, a native of the county's oldest residents. Mrs. Alton was ninety-two years of age. She came to this country from Ireland. Her nearest relative surviving, Mrs. Alton was twice married. Rev. C. G. Townsend will officiate at the funeral, which takes place this afternoon.

Was A Fast Game. The St. Peter's Church altar boys and the Young Royals played ball on St. Peter's field last evening. It appeared that the altar boys were as strong with the willow as with a lounge, for they won out with a score of 3 to 5.

Martin and Honkey McIntyre formed the batteries for the altar boys, while Lavigne and Kiffie performed a similar office for the Royals. Mr. Daniel Doherty was umpire.

Bangor Team May Come. If the present plans materialize for next week's baseball on the Victoria grounds, a splendid attraction will be offered in a series of games between the Marathons and Happy lot's team of Bangor, which is playing this year in the eastern Maine league. Among Tott's players is Al. McGuigan, of this city.

It is expected now that the Bangor team will play here on Friday and Saturday. The Marathons are also in communication with Chatham team, and are looking forward to meeting several other outside teams.

In the Police Court. In the police court yesterday George Burns and Louis Appley were fined \$4 each or 10 days in jail for drunkenness, and Annie Doherty was fined \$5 or two months in jail for a similar offence. James Thompson was in court yesterday to answer a charge of assaulting his wife on the 23rd of May. He pleaded not guilty. His wife testified that he kicked her on the shins and as a result of the assault she has been confined to her home since. It appears that Thompson is given to frequent use of liquor and was very obnoxious to his wife. He was remanded. Newton and Norman Thomas, twin brothers from Moncton, who until recently played with St. John the Baptist, have been taken, were before the magistrate to have settled a dispute between themselves and the manager of the team, Mr. E. O'Brien. It appears that the ball players have resigned from the team and wrongfully kept their uniforms, gloves, bats, etc. The two parties came to a mutual agreement and the matter was settled out of court.

CENTRAL RAILWAY WILL HAVE SUCCESSFUL YEAR; THE LINE IS TO BE FURTHER IMPROVED

Mr. A. R. Stone, of St. John, and Mr. P. S. Archibald, of Moncton, commissioners for the Central Railway, leave today to go over the line of the Central. Mr. Archibald, speaking to a representative of The Standard last evening, stated that the roadbed of the railway was in excellent condition at the present time. Rains were apt to play havoc with the unballasted portions of the track.

Improvements Being Made. The roadbed is being improved as fast as possible. Last year twenty-five miles of track between Norton and Cumberland Bay were rehabilitated. Various poor stretches of roadbed between Cumberland Bay and Chipman were patched up. This year it is proposed to complete the ballasting between Cumberland Bay and Chipman's steam shovel, a large gang of men and two working trains have been engaged at the work since June 1. The gravel used in the operations is obtained from a new pit at Belleisle which was opened last summer.

Mr. Archibald stated that the fencing along the line of the Central is in a bad condition. Extensive repairs will have to be made. About \$2,000 will have to be spent on the fence between Miramichi and Norton this season.

CARL BROWN FELL OFF WHARF; SANK TWICE

Carl H. Brown, the 6-year-old son of Mr. C. W. Brown, of 3 Prince St., West End, while playing on the old mill wharf at the foot of Prince St., with one of his boy chums yesterday lost his balance and fell into the dock. Had it not been for the timely arrival of Mr. George M. Palmer and Mr. John W. Sweet who live in the immediate neighborhood the little boy would have been drowned. The water where the boy fell in is about fifteen feet deep at high tide and before he was rescued he had gone down twice. He was unconscious when brought out of the water. Dr. Curran, who was passing removed all the water from the boy's lungs and had him taken to his home. At a late hour last night he regained consciousness and was pronounced out of danger, although feeling pretty well used up after his severe ducking.

TWO OTHER CANDIDATES FOR THIS JOB

Two other candidates for the position of Marine Department Agent have entered the field. One is Mr. Fred Barnhill, who has a strong family support. Mr. A. Adams, who was mentioned as an aspirant, has withdrawn from the field if he is not directly advocating the claims of any individual, has made representation to the effect that his office appointed should be the United States and the conditions required for the safety of ships. This points to Capt. E. C. Elkin, who is favored by the shipping element generally. But the machine element represented by the McAvity influence is working steadily for Mr. C. H. Flood. The additional investment of this interest in the Telegraph and the happy thought of the Pugsley banquet also traced to that source, make in Mr. Flood's favor.

VOL. 1. NO. 68. SUPREME COURT CONVICTION MASTER W.

Special to The Standard. Fredericton, N. B., June 11.—Court this afternoon delivered a number of judgments, the most important of all being that which quashed the conviction made by Police M. trate Marsh against Station Master C. Walker, of the I. R. C., convicted of keeping and storing liquor contrary to the Canada Temperance Act. The Chief Justice delivered the unanimous decision of the court and at the points involved in the case, held under the provisions of the Act, that the conviction made by the police of Fredericton and was to contain quantities of intoxicating liquor and were stored in the houses by Mr. Walker, agent of the I. R. C. These were afterwards seized by the police of Fredericton and Crown claimed that such action on behalf of civil officials could not be sustained. The city magistrate, however, quashed the conviction, holding that the ruling of the magistrate was not justifiable. The Justice said that there was no evidence to show that there had been any violation of the Canada Temperance Act. The liquor which had been brought over the I. R. C. had been brought by a railway owned by the Government of Canada and there was no provision in the C. T. A. which could take away the rights of Crown. The railway had been built for the benefit of all Canada and the Government of Canada and there was no provision in the C. T. A. which could take away the rights of Crown. PRESQUE ISLE IN CENTRE OF FOREST FIRE

Presque Isle, Me., June 11.—Fires continued to cause damage in various sections near this village today. Much woodland was burned over and several buildings were destroyed. One fire, which started at the George Graves farm, five miles south of here, has spread to the Kings district, where the little settlement of six sets of farm buildings is in much danger tonight. A valuable men of the neighborhood women and children, as well as at work tonight battling with blaze to save their homes. The buildings of Perry Grant, in Moncton, were seriously threatened another fire, but late tonight it believed the danger would be averted. All day Thursday, Quaca Jo M. was a man of flames from foot to the summit, and last night afforded a most brilliant spectacle. Today the flames had subsided what, but the southern railway sparks from his fire to the face Joseph Lee, and other places Spragueville, a few miles south here. No great damage was done, however, in that locality. Many of the sufferers by the which destroyed a quarter of town last Monday night, have been unable to get to secure their feet still cared for by friends and neighbors. One of the men, John C. whose house was burned, moved his home on the quiet of James Street, and is obliged to move from there today, because of a forest fire extended to within a few rods of his house.

SERIOUS FIRE IN ONTARIO

Special to The Standard. Sault Ste Marie, Ont., June 11.—The most serious fires in many years were raging in a six mile strip of the line of the Algoma Central way between mile 63 and 69. Camps have been destroyed and all others are threatened. The way has a big staff of men out fighting the flames which are working towards the "Roar" thing in the bush to a dry as a bone and unless rain checks the progress of the fire the losses will be heavy.
