SOUTH END LEAGUE

The South End League was officially opened last evening when Commissioner Potts threw the first ball over the plate. There was a large crowd present to witness a game between the Curlews and the Victorias. Donaldson Hunt was present, representing his firm, and donated belts for the four teams in the league, also a \$5.50 pair of shoes, to be given to the player making the best fielding average during the season. He also offered to erect an up-to-date score board providing the militia department would allow one on the grounds.

WORKING BOYS' LEAGUE.

The activities of the Playgrounds Association under the supervision of C. D. Howard during the last few weeks have been devoted to the formation of baseball leagues. Last evening the Working Boys' League played their first game of the season, the opposing teams being the Boys' Club and the Young Giants. The game was called on account of darkness. The teams of the league are the Beavers, Rovers, Young Giants, and the Boys' Club. Games will be played on Monday and Thursday evenings, and Saturday afternoons.
On Saturday the School Boys' League will have their first game of the season. Teams have entered from the King Edward, Winter street, Dufferin, Alexander, St. Malachi, Albert, Centennial, and Victoria schools. All games will be played on the East End, and Shamrock grounds, the Barrick Green and Tower Hill. At the next meeting of the association a regular staff of umpires will be appointed.

Gouverneur Morris—"Father of the Penny"

AMONG all the framers of the Constitution of the United States none were more adept at constructive statesmanship than the "father of the American decimal system" and originator of the copper cent. The finish, style and arrangement of the Constitution fairly belong to the brilliant and eloquent Morris. From his youth to the hour of his death he was a devoted and dauntless worker for American progress. His unrivaled ability as an orator was known throughout Europe, and his funeral orations on Washington, Clinton and Hamilton are treasured American classics. Gouverneur Morris was an indomitable supporter of the Louisiana Purchase. He it was who rescued Lafayette from prison walls and aided him from his private purse. Personally he was very handsome; his nature was impulsive, but his heart was warm and generous. He loved society, and his hospitality was famous. All his life he drank the creative brews of malt and hops, and who will dare say that it weakened his will power or detracted from his success, his fame, his glory and his might? It was upon the tenets of the Constitution of the U.S.A. that Anheuser-Busch 8 years ago founded their great institution. During these 8 years they have daily brewed from the finest barley and hops famous for being alive with natural force and nutriment. Their great brand BUDWEISER, because of its quality, purity, mildness and exquisite flavor, exceeds the sales of any other bottled beer by millions of bottles. BUDWEISER'S popularity grows daily, and 7500 people are daily employed to keep pace with the public demand.

In the deciding game between the I. C. R. and the C. P. R. teams, the former won out on the Victoria alleys last night. It was a good game all through, marked by brilliant playing and some excellent shots were made which called forth much applause from the spectators. "O. B. X." NAT FARNUM
ISSUES CHALLENGE
AND BEATS RETREAT

The following was delivered at the Standard Office a few nights ago, by O. B. X. Farnum:—"THE MEMBERS OF MACK'S MUSICAL HEREBY CHALLENGE THE SCRIBES TO A GAME OF BASEBALL TO BE PLAYED THIS WEEK."

After deliver the missing Farnum made an honorable (if hasty) retreat. Whether the precipitancy with which he increased the distance between himself and the members of the staff who were present was due to a realization of the audacity of he and his fellow Theatians in challenging an aggregation of baseballists of such acknowledged science and skill as the Scribes, or whether he left in a hurry to store up enough sleep and try to REJUVENATE is still an unanswered question. However, after due consideration, and the visiting actors the Scribes decided to accede to the desire of the said actors to meet them on a ball field Friday afternoon, when the public will have an opportunity to see what real ball players can do against well intentioned Theatians who have the audacity to challenge the Scribes.

Hillsborough, N.B., May 25.—"Patriotic Sunday" May 23rd, was observed here in the First Baptist church. The evening service was very largely attended and the speakers of the evening, Rev. S. W. All the
NATIONAL WEALTH
OF UNITED STATES

We gave last week some showing the enormous debts were piling up against the nations, with probable amount expenditure of all for the prolongation, would mean the of the smaller nations and the others, reducing their wealth to such an extent that require many years for recuperation. At this time it is interesting to see the Census Bureau's estimate of our own National wealth, from to including 1912, which the fact that in those 62 years to 1912—the total wealth of the grew from \$7,138,000,000 to (\$1,000,000,000) \$187,739, and from \$308 for each individual in 1912, to \$1,965 for each. In other words, the wealth of the nation, as a whole, more than twenty-five times as much as in 1850. The gold and silver coin and in the country in 1912 amount \$2,617,000,000, and railroad equipment were worth \$16,146,000. Of the total amount of wealth in 1912, about \$112,000,000,000 of real estate, representing nearly 60 per cent. of the value of all property. When we remember that a large part of creating value of real estate created because of railroad operation; it will appear that is no sense, even from a profit point of view, in strangling the roads. A good round increase freight rates for the roads amount to the merest fraction total amount asked for, and the fraction would be returned in the increased activity and ton of the roads.
