**No Measured Rates
For Bell Telephone**

St. John, April 3.—The board of railway commissioners in their judgment on the application of the Bell Telephone Company for increased rates, refuses the measured rate system to the company on the ground that the present situation is an emergency one. The company is granted increased long distance and service connection charges, together with a ten per cent. addition on exchange revenue.

"EVOLUTION" IS AROUND

New York, April 3.—A wireless message received here tonight from the schooner Aohushnet stated that the schooner, bound from New Bedford for the Cape Verde Islands is aground and leaking badly on the shoals in the lower end of Nantucket Sound. The schooner's sails were carried away in a gale and in attempting to return to New Bedford she ran aground. It is doubtful whether the schooner can be refloated. She carried a crew of five men.

**Many Killed And
Wounded In Riots**

Liquor Feud in India Responsible for Outbreak—Stern Measures Are to be Taken.

(Copyright, 1921, by Public Ledger.)
By GEORGE PILCHER.
Calcutta, April 3.—Nine were killed and twelve wounded during the week-end as a result of the police firing at Hagpur on crowds and the burning of liquor shops. Behind the anti-liquor movement lies undoubtedly some idealism, but at Hagpur it is inextricably entangled with the Tolstoyan non-co-operative movement. This movement seeks to paralyze the authorities.

In the central provinces where the aboriginal population are heavy drinkers and the Brahmins abstainers, the most made of the liquor feud. In the four disturbed districts of the united provinces where the peasants and landowners are at odds, the movement works on agrarian differences. Firing again occurred there last week, with the result that four were killed and twelve wounded. All four districts now are proclaimed under the sedition laws, which requires permission before a meeting can be held. The authorities now are making

**Emperor Seeking
Throne For Son**

Charles of Austria Willing to Relinquish All Claims if Son is Protected.

London, April 3.—The correspondent at Vienna of the London Times says he has been informed from a trustworthy source that former Emperor Charles is willing to relinquish his claim to the throne in favor of his son, Otto, with Admiral Horthy continuing as regent.

The correspondent adds that it is said in Vienna that the Habsburgs might sanction such an arrangement. The average salary paid to the chief highway engineer in the forty-eight States is \$6,973 per annum, the minimum being \$3,000 and the maximum \$10,000.

**DUSKY LADIES
OF PUTUMAYO
ARE ARTISTIC**

Wear Gowns of Paint—Take Designs from Magazines.

**MEN OF NATION
ARE HEADHUNTERS**

Unless Change There is Likelihood of Males Being All Killed off.

The tan-colored ladies of Putumayo, where the Amazon is a mere rivulet, dress artistically but not expensively, according to Dr. Herbert S. Dickey of Highland Falls, N. Y., who recently has been taking pictures of them and who returned yesterday from Para by the steamship Polycarp. The climate of Putumayo is tropical and the usual attire of ladies there is confined to necklaces of beads, but they have developed a strong artistic sense and have taken to painting designs on their bodies in imitation of those worn by the fashionable folk of Brazil. They got the idea, it is said, from seeing the colored pictures in magazines, some of which fell into their hands.

Men Headhunters.
The husbands and beaux of the Putumayo ladies are headhunters. Dr. Dickey says, and the rival tribes are waging a war for each other's heads, which, if it keeps up, will result in the Putumayo wives becoming widows, the girls beautiful and a possible development of a manless paradise at the headwaters of the Amazon. The heads of those who happen to lose them are mummified and reduced to less than half the normal size, and many are sold as curios to collectors. The commercialization of headhunting has added a new and fiercer spirit to the game and that is why the lists of the killed are longer than heretofore and still growing.

**Defer Naming of
More Marshals**

General de Castelnau's Claim Greater Difficulty in Selection.

Paris, April 3.—The Chamber of Deputies yesterday decided to bury the question of whether there should be more marshals of France. Instead of dealing with the difficult question itself, it referred back to the Army Commission. There it is likely to remain in suspense for time enough to allow some of the present difficulties of the situation to disappear.

The whole matter revolves around the personality of General de Castelnau, who, in the opinion of his friends, won the title to distinction in the victory of Grand Couronné in 1914.

For reasons of his own, M. Clemenceau did not offer the honor of marshaldom to de Castelnau when Pétain and Poch were promoted. Last month when three marshals were made de Castelnau was not included, on the ground that he was a deputy and engaged in politics. His friends consider this reason insufficient, and yesterday's debate was an attempt to increase the number of marshals to eight so that he would have to be included. Now it is considered that the whole matter will be dropped until the Army Council comes to a decision as to whether marshals are to be considered as holding real or only honorary rank in the army.

Children Cry for Fletcher's**CASTORIA**

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its base is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. Mrs. Allen Says—

I use Borden's Evaporated Milk because I believe it to be the best, purest and most economical. The Borden system of protection begins in the country with the careful examination of the cows by graduate veterinarians. It includes the most elaborate care possible in handling the milk from model sanitary dairies to the can on your pantry shelves. The name Borden is your guarantee of protection. Borden's Evaporated Milk solves the milk problem in cooking. Use it in every recipe that calls for milk.
