It is desirable that pupils should enter at the commencement of the Term.
Halifax, August 16th 1851. ALEXE, SIMPSON REID.

GARLETON'S Condtion Powders for Horses and Cattle.

The changes of weather and season, with the change of use and feed, have a very great effect upon the blood and sinuous fluids of horse. It is at these times they require an assistant to, nature to throw off any disorder of the fluids of the body, that may have heen imbibed, and which, if not attended to, will result in the Yellow Water, Heaves, Worms, Bots, &c. All of which will be prevented by giving one of these powders, and will cure when disease appears, if used in time. They purify the blood, remove all influmation and fever, loosen the skin, cleanse the water, and invigorate the whole body, enabling them to do more work with the same teed. The action of these p wders is direct upon all the secretive glands, and therefore has the same effect upon the House,Ox, and all and all Herbiverous animals—all diseases arising from or producing a bad state of the blood, are speedily cured by them. The changes of weather and season, with the change of

HOLLOWAY'S OINTMENT.

CURE OF RHEUMATISM AND RHEUMATIC GOUT Extract of a Letter from Mr. Thomas Brunton, Landlord of the Waterloo Tavern, Coatham, Yorkshire, late of the Life Guards, dated September 28th, 1848

To Professor Homoway,

Six.—For a long time I was a martyr to Rheumatism and Rheumatic Gout, and for ten weeks previous to using your medicines, I was so bad as not to be able to walk. I had tried doctoring and medicines of every kind, but all to no avail, indeed I daily got worse, and felt that I must shortly die. From seeing your remedies advertised in the paper I take in, I thought I would give them a trial. I did so. I rubbed the Ointment in as directed, and kept cabbage leaves to the parts thickly spread with it, and took the Fills night and morning. In three weeks I was enabled to walk about for an hour or two is "be day with a stick, and in seven weeks I could go any ware without one. I am now, by the blessing of God and your medicines, quite well, and have been attending to say business more than seven months, without any symptoms of the return of my old complaint.

Besides my case of Rheumatic Gout, I have lately had proof that your Fills and Ointment will heal any old wound or ulcer, as a married woman, living near me, had had a bad leg for four years, which no one could cure, and I gave her some of your Fills and Ointment, which soundly healed it when nothing else would do it. For your information I had the honour to serve my country for twenty-five years in the first regiment of Life Guards, and was eighteen years a corporal. I was two years in the Peninsular War, and was at the Battle of Waterloo. I was discharged with a pension on the 2nd September, 1853. The Commanding Officer at that time, was Colone! To Professor monoway,

I was discharged with a pension on the 2nd September, 1838. The Commanding Officer at that time, was Colonel Lygon, who is now a General. I belonged to the troop of Captain the Honourable Henry Baring.

(Signed) THOMAS BRUNTON

CURE OF A BAB LEG OF TWENTY-ONE TEARS' STANDING

Extract of a Letter from Mr. AndrewBruck, Blacksmith, Evemouth, near Berwick, dated the 10th of August, 1848

To Professor Holloway.
Sta,—With pleasure and gratitude I have to inform you that after suffering for 21 years with a bad leg, which yielded to no kind of treatment, although I consulted, at different times, every medical man of enimence in this part of the country, but all to no purpose. I was frequently unable to work; and the ain and agony I often endured no one can tell. My leg is now as sound as ever it was in my life by means of your Pills and Ointment, which I purchased from Mr. I. Davidson, Druggist, Ber wick-upon-Tweed, who knows my case well, and will, I am sure, be happy to certify with me, if necessary, as to the truth of this wonderful cure.

(Signed)

AMPUTATION OF TWO TOES PREVENTED Extract of a Letter from Mr Oliver Smith Jenkins, dated Falkirk, August 18th, 1848.

Falkirk, August 18th, 1848.

To Professor Holloway,
Sta,—I was superintending, about six months ago, the erection of one of our Italiway Bridges, and by the fall of a large stone my right foot was seriously bruised, which ultimately got so bad, that I was advised to go to Edinburgh to consult some of the eminent Surgeons, which I did, and was told that in order to save my foot, two of my toes must be taken off In despair, I returned home to impart the melancholy news to my wife, intending to submit to the operation, it was then a thought struck me to try your valuable Ointment and Pills, which I did, and was by their means in three weeks enabled to resume my usual occupation, and at this time my toes are perfectly cured. (Signed) OLIVER SMITH JENKI; S.

AN EXTRAORDINARY CURE OF A DESPERATE SKIN DISEASE On the 21st July, 1848, the Editor of the "Mofussilite" Newspaper, published in India, inserted the following Editorial article in his paper. "We know for a fact, that Holloway's Pills and Ointment act in a most wonderful notioway's 1711s and Ointment act in a most wonderful manner upon the constitution, as an eccentric Coolie, called Eliza, employed in our Establishment, was affected with myriads of Ringworms, which defied all the Meerkt Doctors, and promised to devour the poor man hefore he was under ground; we tried 'Holloway' upon him, and in a month he was perfectly restored to his former condition and cleanliness of skin. The effect was miraculous."
