

PUBLISHER'S DEPARTMENT.

FEELS YOUNG AGAIN.—"My mother was afflicted a long time with Neuralgia and a dull, heavy inactive condition of the whole system; headache, nervous prostration, and was almost helpless. No physicians or medicines did her any good. Three months ago she began to use Hop Bitters, with such good effect that she seems and feels young again, although over 70 years old. We think there is no other medicine fit to use in the family."—A lady in Providence, R.I.

We call special attention to the advertisement in another column with reference to the sailings of the "Southern Belle." The trip is a pleasant one and cheap as it is pleasant. When one can go to Hamilton and back, in a good steamer with pleasant surroundings, for 45 cents by merely taking a ten-trip book, he need not complain and need not want a pleasant sail for himself and his children.

PICKERING COLLEGE.

TO PERSONS WHO WISH TO SECURE FOR their sons and daughters a thorough and practical education, and to young men and women who purpose preparing for Second and Third Class Teachers' Examinations, or for Matriculation into the University, or into the Law Society, or into the College of Physicians and Surgeons, this institution offers peculiar advantages. Its special features are: 1st. Although endowed and maintained by the Society of Friends, it is open to young people of both sexes of all denominations. All students are expected to attend some place of worship, but it may be that which they or their parents or guardians select.

2nd. It aims to give a first-rate education at the lowest possible cost. The fees are only \$150 per annum, or a proportionate amount for a shorter time; and they include tuition, board, washing, fuel, light, etc.—every necessary expense except text-books. 3rd. Its curriculum and studies are precisely the same as in our best High Schools and Collegiate Institutions. But students attending this College have many advantages not to be obtained in most High Schools: such as board in College building, a reading-room well supplied with the best current news and literature, comfortable study-rooms, parlours, bedrooms, etc., gymnasiums, playgrounds, etc.

4th. It is aimed to make the Scientific Department as thorough as possible. A very complete chemical apparatus has been purchased in Philadelphia, suitable for Second Class and Intermediate work. Every student in the department will be required to become a practical experimenter.

5th. A Commercial Form is established in which students are thoroughly taught Commercial Arithmetic, Composition, and Book-keeping. Any student in the Commercial form may take any other subject in addition.

6th. Students who do not wish to prepare for any examination may take an optional course, and devote their time to special subjects.

7th. The means afforded for mental recreation are ample. Besides the reading room, there is a Literary Society which meets once a week, and a course of lectures by leading educationists and others will be delivered during the winter.

8th. The College building is so arranged that the sexes are separate except during recitations and in the dining-room. Boys and young men are under the charge of the House-master. Young ladies are under the Governess.

9th. The Committee and officers hope to maintain a good moral tone in the school. Bible classes are held every Sunday afternoon. On Sunday evenings, lectures on morals, character, and conduct are delivered by the Principal.

The management hope, by dealing fairly and carrying out faithfully all that is undertaken, to secure a good class of students.—None but those willing to do work for its own sake are invited to attend. The idle and vicious, after a fair trial, will be got rid of. There are no prizes, scholarships, or rewards; no marking system or competitive examinations.

The management can confidently refer to the work done in the College during the last year. Classes have been specially formed for all the Professional and University Examinations. The results of the year's teaching in these classes will be detailed in the new "Announcement," which will be ready on August 20th. Special attention is given to the Government INTERMEDIATE EXAMINATION, which is now the most important examination held in the Province.

For full particulars, and for the "College Announcements," apply to

WHOLESALE BY WM. JOHNSON & CO., MONTREAL.

NICKELITE Silver Spoons & Forks.

At present various means are adopted to induce dealers to handle cheap, showy Spoons under fancy names. Some are made of Steel or Iron, others of cheap German Silver, but all are ELECTRO-PLATED WITH NICKEL SILVER, which will soon wear off—on the contrary, NICKELITE SILVER is a pure metal throughout, can readily be kept clean, and will wear without limit. Ask for NICKELITE SILVER, stamped R. W. & Co., if you want to get good value. To be had of all dealers.

ABOUT BUYING.

Buy only what you require and when you require it, is perhaps the safest rule that can be adopted in buying for private use.

But this rule will not always hold good with the merchant, and this is one of the years when to look ahead is both safe and profitable.

All kinds of goods have been steadily advancing, and the man who bought early is the only one who can sell at old prices.

Seeing the upward tendencies of Wool Goods, I ordered my stock early, and will now give my customers the privilege of buying for the present at old prices.

R. F. HUNTER, Cor. King and Church Sts., TORONTO.

BALDNESS.

Neither gasoline, vasoline, Carboline, or Allen's, Ayer's, or Hall's hair restorers have produced luxuriant hair on bald heads. That great discovery is due to Mr. Wintercorbyn, 144 King St. West, Toronto, as can be testified by hundreds of living witnesses in this city and the Province. He challenges all the so-called restorers to produce a like result.

The Restorative is put up in bottles at \$1 per bottle, or six for \$5. For further information, address CHARLES MAITLAND WINTERCORBYN, 144 King Street West, Toronto.
