Be Well and Strong Without Medicine

Oxygen is death to disease, and life and health to the human body. On this principle OXYDONOR has cured hundreds of the worst cases of chronic disease—pronounced incurable.

The application of OXYDONOR creates a strong affinity for Oxygen, causing Oxygen from the air to be instilled into the body, entirely revitalizing it. The disease, whatever it may be—so long as no vital organ is destroyed—**SPEEDILY** driven out and a bounding health takes the place of the feeble, diseased condition.

This seems wonderful, but we have letters from hundreds of people who have experienced it. Here is one from Mrs. E. Poyner, Uxbridge, Ont.: "Your OXYDONOR has improved my health wonderfully in a short time, so much so that I have gained eleven pounds. My heart was very bad, and I had violent pains in my head and I could hardly walk across the floor. Now I can walk down town and back, and the pains have left me. I would not be without my OXYDONOR."
The whole cost of OXYDONOR is the first cost. It lasts a lifetime without any expense, and saves many times its cost in doctor's bills.
Write for our free book telling about the OXYDONOR Treatment and some of its wonderful cures.

Semi-Steel Fire-Pot—Not Gray Iron

A FIRE-POT of a furnace should be able to endure tremendous heat and to repel the attacks of sulphur fumes.

The material commonly used for a fire-pot is gray iron. The Sunshine fire-pot is Semi-Steel.

Now, avoiding technical terms, gray iron has what may be called "open" pores. Through these "open" pores the destructive sulphur fumes attack the iron and hasten disintegration.

On the other hand, Semi-Steel is a close-grained ma-

terial, with a smooth-as-glass surface which practically seals or "closes" up the pores. Semi-Steel easily repels the attacks of gas fumes and thus greatly prolongs the life of the fire-pot.

A Semi-Steel fire-pot weighs 20 per cent. heavier than the same size and pattern in gray iron. It is therefore better able to endure tremendous heat.

Semi-Steel is made by an exclusive McClary process. You can only get a Semi-Steel fire-pot with a McClary furnace. That is one strong reason why you should have

the Sunshine installed in your home. Our agent in your locality will tell you many other reasons. Ask him.

Remember, the Sunshine is guaranteed, by the largest makers of furnaces in British Empire, to heat your home to your entire satisfaction. 45
