Dear Mom & Dad,

I hope everything on the farm is O.K. I'm really enjoying life here at the U of A. The Dr. says I should be out of the hospital soon and I'm glad to be off the respirator. I didn't think the bus was moving that part.

School is going great - being on probation is the best thing that ever happened to me. As for meals, the people at the Food Bank are terrific! Those death threats finally stopped coming and the police found my roommate. About Spot, please bury him under the cherry tree we cut

down last year. University life is everything I thought it would be - thanks again for mortgaging the farm that fourth

Love, Dick

P.S. Thanks for the chickens

Tales from the Flippe

Look at this ... Don Getty has threatened to pull Alberta's support for the meech bake accord if Mulroney doesn't accept our senate nominee. So if Watters isn't accepted we pull our support from a dead agreement and ifhe is accepted Alberta supports an agreement that gives Quebec almost unlimited power. Where is this guys brain?

Its a Buttcheese? What?? Don't you think it will clear Whatthe good thing my mother doesn't read this strip! Hell is a Buttcheese ?! the censors?
