

## U.N.B. has an event for you

By **BILL TRAER**  
Sports Editor

First of all, we would like to welcome all of you potential sports fans to U.N.B. This university has a rich tradition in a number of varsity sports which the Atlantic Universities Athletic Association (AUAA) offers to its member schools.

We hope you will join in this tradition and help support our teams. All students with UNB-ID are admitted free of charge to all university sporting events.

Stringing off the year is the Soccer team, the Red Shirts. Last year, for a few short weeks anyway, they were rated the number one soccer team in the country. While it didn't last, it would be nice if this year they could go all the way to a Canadian championship; the last time they won it was four years ago, right here at U.N.B.

The Red Sticks, which is our women's field hockey team is noted as being a winner. They have won the AUAA title 3 out of the last 4 years. Last Fall they hosted the CIAU National

in which they finished fourth. Fan support really picked up for the Red Sticks last year and we hope it will continue.

When winter rolls around, the hockey team, the Red Devils get going. The Red Devils are now the in things in Fredericton. Last year, after a mediocre 23 years, they won the AUAA title. Earlier in the year, the Devils had been rated a good hockey team and had drawn several good crowds. But when playoff time came around, the UNB campus came alive with Devil-Mania and packed the Aitken Center to the rafters when the Toronto Blues, the Canadian Champions visited town. This year, Coach Donny McAdam returns as pilot at the helm and 84/85 should be another banner year for the Devils.

As for Basketball, we have quite literally, the best team in Atlantic Canada in the Red Bloomers. Our girls have not lost a conference game in 2 years.

The men's team though, had a rather disappointing season, so this is a rebuilding year for the Raiders.

Coach Don Nelson returns for his 27th year, one which

The U.N.B. Red Shirts on the move

should see the return of the Raiders to winning form.

Those were the big sports at U.N.B. There are others which receive little support, and undeservedly so, such as the Black Bears, the men's wrestling team, which has dominated the AUAA for the last decade. Coach Leo McGee has a fine squad with many returning athletes. There is also the men's and women's volleyball teams known as the Rebels and the Reds and the swimming team which is called the Beavers. Rounding out the sports are the cross-country teams, the Red Harriers and the Red Blazers, the women's hockey team, three time New Brunswick Champions, which coach Mike Power hopes they can improve on.

As one can see, UNB offers a variety of sports to the spectator, and a lot to offer to the non-spectators. UNB has a fine Phys-Ed facility which can be made use of by any student.

The Canadian Olympic Volleyball team plays the Cuban National team.

The U.N.B. Red Raiders battle the Saint Marys Huskies at the Aitken Center.
