Ottawa, Ont., November 28, 1923.

Dear Arthur,

Will you pardon me if I enclose an editorial copied from the Quebec "Chronicle" of Monday 26th November. So far as facts are recited here they are correct and the attack is as merciless as it is merited. Coming from a Quebec paper, and one which in Provincial politics has not been consistently Conservative this article would have a great deal of effect if widely circulated. A knowledge of the circumstances and of the man has given to the recent performances of this newspaper a real humour. I think there would be a big balance of political profit and an article of this character contributes to that end. If you feel like reprinting it thanks.

Yours very truly,

Arthur R. Ford, Esquire,
