Ottawa, 27th September, 1910.

Sir,-

I beg to draw your attention to the fact that the medical officers belonging to your Agency, namely Dr. Mead, Dr. Armstrong and Dr. Clark should send in through your office once a month a report regarding professional services which they render to Indians and it is your duty to see that these reports are forwarded regularly. When transmitting them to Head-quarters you should make any comment thereon as appears to you to be called for. In this connection, I beg to point out that Dr. Clark's report for the month of August has not been received. Kindly draw his attention to the matter with a view to having the report transmitted without further delay.

Your obedient servant,

Secretary.
