To paraphrase Sir Wilfrid, I would say Canada is like many other countries in being proud of its summer recreations. But it is for its supremacy in winter sports that Canada has captured the imagination of the world.

Barbara Ann has carried Canada's fame for winter sports to new heights

- she is queen of the sport that is most typically Canadian.

Mr. Cruikshank has been quoted as describing Barbara Ann as "a Ballerina on Skates".

Probably no better tribute could be paid to the superb combination of rhythm, grace and flawless technique which has won triumph after triumph.

Barbara Ann is truly Canada's "Ballerina of the Ice".
