

LESSON XXXII.

REVIEW.

Guy South is now out of town. The school is closed.

What a nice time he has. Now sweet the air is!

He can wade in the cool brook. What fine sport it is, to catch fish in this way!

He has a big trout on his hook and three on a string.

His rod is long and slim. See him pull out a fish. I hope he will fill the string.

The brook is swift, but Guy can walk in it.
