
A SPLENDID NEWSPAPER YARN.

A Yellow Journalist.

By MIRIAM MICHELSON, Author of "Bishop's Carriage," etc. Illustrated. 12mo. Ornamental Cloth, \$1.50.

This novel has the true newspaper thrill from beginning to end. The intense desire "cover" one's assignment completely and brought out in the midst of the melodramatic atmosphere in which a modern newspaper woman live. The stories are all true to life, and mixed with the excitement there is a wealth of human pathos.

"There is a dash about 'A Yellow Journalist' that ex-
like a fresh breeze on a sharp winter morning."

—*Chicago Record*

"The book is bright and entertaining."—*Minneapolis*

"There are just a few writers who have succeeded in
to paper the atmosphere of a newspaper office, and s
appearance of 'A Yellow Journalist,' Miriam Michelson
numbered among them."—*The Bookman*.

"Miss Michelson's work has found great favor. Th
contained in this book are characteristic."

—*Philadelphia Public*

"Only one with the genuine journalistic instinct,
agonized over a story and known the ecstasy of a 'beat'
anguish of being beat, can write of news-gathering
Michelson does. But she has other good qualities in a
these—a good dramatic instinct, a piquant humor, and a k
of human nature. The fourteen chapters of 'A Yellow J
are mighty interesting reading."—*Baltimore News*.
