

OUR HANDBOOK NO. 5.

The Postage Stamps of the United States.

HANDSOMELY ILLUSTRATED.

THE WORK OF THE YEAR.

This Book is
invaluable to you.

Now ready for
delivery.

No-thing has been needed so badly by American Philatelists as an illustrated Catalogue of United States Stamps. Such difficulty is experienced by amateur collectors in placing stamps in the proper position in their album. This book will entirely do away with this difficulty, and we believe that the majority of the many thousands of United States specialists will give us their order. The book embraces the Government Locals, the postage stamps of the general issue up to 1893, all the Postage due, Department, and Carrier Stamps. Every type of United States Postage Stamps is illustrated by a half tone cut of the best workmanship. The preparation of these cuts in Canada cost nearly four times the amount cuts cost in the United States. It therefore must be quite apparent that the preparation of this work has involved a large outlay. The paper and general get-up of the book is the best. The different sizes of Grilles are illustrated. The real market value, and all other information regarding the said Stamps is also given. Owing to the increased cost of preparation, we have been obliged to set the price at 50c. post paid.

Only 2,000 copies
were issued.

Order at once.
