ENJOY CITY WATER FACILITIES!
COST NEED NOT STAND IN THE WAY

You may have all the comfort, labor-saving convenience and safety of a complete water system at surprisingly little cost. We make EMPIRE Water Supply Systems to operate by hand, windmill, gasoline or electric power—many styles and sizes to suit all requirements. Outfit shown below is the powerful, hand-operated

Empire Water Supply System

System A
 Hand Operated

Our pumps will supply water and air at the same time, water only or air only. Very simple to run and nothing to get out of order. Gives strong pressure to every part of the house, and when connected up with kitchen range, enables you to have the comfort of a pump running hot water on each floor.

We can furnish you with an efficient, permanent water supply system at a very reasonable price.

Prove the "BISSELL" by Its Work

Do the gangs on your Harrow crowd together and raise out of the ground if it is hard? They won't do this on the "Bissell." The "Bissell" is so designed that THE GANGS CAN'T CROWD OR BUMP together no matter how hard the ground may be.

Tough soil won't stick the "Bissell." It stays right down to its work and pulverizes the ground thoroughly.

We ask you to take a "Bissell" out into the field and test it beside other Harrows. Then you

will HAVE PROOF that it is a SUCCESS ON HARD LAND—THAT IT PULVERIZES THE BEST—and that it is the lightest draught.

Post yourself fully on Harrows before buying. We put our name on every Harrow so that you will know it is genuine. Ask your local dealer, or write to Dept. W for free Catalogue.

The Gibraltar of the Canadian Farmstead

—enduring for all time, guarding the feeding profits of the Canadian farmer through storms, fire, heat and cold—impregnable, imperishable. Such is the Natco Everlasting Silo. It is built of vitrified hollow clay tile which are impervious to air, moisture and frost, and reinforced by bands of steel laid in the mortar. Once up, always up. No expenses for repairs, painting or re-setting on base. No adjusting. Made in Canada for Canada. The silo is the most important of all business buildings on the farm, and subject to more strain. Build carefully. Build for permanency—it's economy. Erect a

Natco Everlasting Silo

"The Silo That Lasts For Generations"

Its first cost is the only cost and it builds up feeding profits to the highest pitch. It preserves summer greens for winter and summer feeding, and dries away with speed of pasture. It preserves silage perfectly in all parts, through fiercest winters and driest summers. No drying out. No watering. No freezing. No cracked walls. No blowdown—this a taller silo with smaller diameter can be built, exposing less silage on top. Convenient and attractive. A silo that you'll be proud of. Better write today for a list of Natco owners in your province and for our valuable silo book. Ask for Catalog 4

The Improved "Ideal" Farm and Stock Gates

Possess Features That No Other Gates Have

Should the BRACE WIRE in an ordinary gate become slackened or broken, you know from experience that it cannot be tightened or replaced so as to make the gate as serviceable as when you bought it.

OUR PATENT HINGE-CLIP

with attached BRACE TIGHTENER overcomes this disadvantage. In "IDEAL" GATES the brace wire can be adjusted or replaced in less than two minutes with an ordinary wrench and then you practically have a new gate. Our new Hinge Clip also carries the weight of the gate direct from the top hinge bolt, thus relieving the frame from any unnecessary strain.

OUR PATENT LATCH

is supplied with all "IDEAL" GATES. It is positive and can be opened either way. Raise the thumb latch and push the gate open; when through, swing it shut—it always locks.

These new features are all covered by patents and "IDEAL" GATES are the only gates sold in Canada with these improvements, which makes the gate more serviceable and add many years to its life. A postal card will bring you our catalogue which describes in detail the many advantages of "IDEAL" GATES.

DON'T STOP SPRAYING

It is easier to keep up than catch up. It takes two years for trees to bear after the foliage is destroyed. Remember, too, that dormant spraying is important, and in some states spraying is compulsory. Sprayed fruit is good fruit and good fruit always brings a good price in any season.

Outside Pumps, Bronze Ball Valves, Heavy Packing, Easy to get at.

IRON AGE

Bucket, Barrel, Power and Traction Sprayers include 70 combinations, for orchard, field, garden, poultry house and home uses. Our "Spray" booklet shows how you can buy barrel or bucket sprayer now and build to larger uses when you need it. Ask your dealer to show this line and write us for "Spray" booklet and our spraying guide. Both Free.

Use in any wagon.
