DRAFT HORSES

OF ALL AGES.

OWING to lack of range, we have decided to cut our herd of draft horses down to one-half and sell 2,000 head at greatly reduced prices. This great selection of mares, geldings and growthy youngsters of all ages represents the results of seventeen years of judicious mating to strictly high-class Percheron, English Shire, Clydesdale and Hackney sires. We can furnish high-grade brood mares and fillies with foal to imported and home-bred registered stallions, and have always on hand a large and first-class selection of registered and high-grade Percheron and English Shire stallions, also registered mares and fillies of same breeds. Correspondence solicited. Inspection invited.

J. B. HOGATE, PROPRIETOR.

IMPORTER OF

Clydesdale,
Shire and
Hackney Stallions,
and Spanish Jacks.

68 head imported in 1902. All sold but 2 stallions and 4 jacks.

My next importation will arrive about Sept. 1st—60 stallions and 20 jacks. Hogate buys bread-winners, and sells them at bread-winning prices. Hogate doesn't advertise all of his stallions to weigh a ton, but some of them do. You can fool some of the people some of the time, but you can't fool all the people all the time. Be sure and see my stock before you buy in the fall. Prices to suit all, consistent with quality. I will be pleased to see all my old customers in the fall, and as many new ones.

GOSSIP.

In making a change in their ad., Fitzgerald Bros., of Mount St. Louis, say: "We are offering four young British Statesman (imp.) bulls for sale. They are right good ones, and, like their sire, are grand handlers, and should develop into first-class sires. We are also offering some calves, both male and female, sired by Imp. Diamond Jubilee—28861—They, like their sire, are coming into good form, being exceptionally well sprung in the ribs, good in the hind quarters, and are grand handlers, and will undoubtedly develop into good animals."

Alex. Galbraith & Son, Janesville, Wis.: "Please mention the fact that we are donating a beautiful silver cup, value \$100.00, for competition at the forthcoming fair at Brandon, Man. It is offered for best colt, of any age or either sex, got by any of the stallions sold by us in Manitoba or Northwest Territories. Said cup must be won twice, but not necessarily by same animal or in successive years, before becoming the property of the winner. Mr. Galbraith sailed for Scotland last week, returning early in September with a fresh importation of prizewinners of the various breeds—Clydesdales, Shires, Suffolks, Percherons, and Hackneys."

Mr. A. E. Thompson, Elkhorn Stock Farm, Wakopa, Man., gave the "Advocate" a call while in town a short time ago. Mr. Thompson has on hand a nice lot of Ohio Improved Chester White Swine, and is preparing a bunch for the exhibition. He intends improving his buildings by erecting a large modern hogpen, and will go into the breeding of his favorite Chester Whites on a large scale. In the selection of his foundation stock, he purchased from some of the most famous herds in America, and by careful breeding has been able to produce a splendid bacon type. Orders have been coming in much faster than he could fill them, but efforts will hereafter be made to supply the demand in a greater measure. Mr. Thompson is also an ardent admirer of Hereford cattle, believing that they are admirably suited to conditions in this country. At present he has a small herd, but will increase the number as soon as better stable accommodation can be provided.

TRADE NOTE.

THE MELOTTE CREAM SEPARATOR CO., Limited, 124 Princess street, Winnipeg, Man.,—The local management at Winnipeg are putting forth every effort to make a good exhibition at the forthcoming fair. The Melotte separator is manufactured in Bristol, Eng., and enjoys a great popularity in the dairying districts of the Old Country. A connection was made with Western Canada seven years ago, and three years ago the company established their local distributing center in Winnipeg. It speaks well for the high grade of the separator, and also for the management of the business, that a good general trade has been established and has increased year by year, far beyond the expectations and calculations of the company.
