Some years ago the Chief Justice of the United States found that the tire of one of his wheels was loose and kept slipping off. Coming to a little stream, he drove into it, and got one little section of the wheel wet; then drove out and backed his horse, and the same part of the wheel went into the water again. Thus he kept going backward and forward, all the time wetting the same part of the wheel.

A negro saw the situation, and told the Justice to back into the water again. He did so, and the negro took hold of the spokes of the wheel, and, turning it slowly, soon had it wet all around.

"Why, I never thought of that," cried the Chief Justice.

"Well," replied the darky, "some men just nat'ly have more sense than others."
