

Your Dog — Some Lunch — and a Tobin Simplex Gun

Sounds like a good day's sport, doesn't it? Whether you are beating the bush for partridge, or bagging a few rabbits, or "jumping" duck in the marshes, it is good business to have a gun that answers accurately to your almost involuntary shooting impulse when, without any warning, your target presents itself. The

Tobin Simplex Gun

amply fulfils these requirements; and your quickest way of verifying this statement is to see the gun itself, or to ask any of the good shots—they all know something about the "Tobin."

We know all about it—every part of it. The most painstaking care is exercised in our factory in choosing material of known quality to go into these guns. That is one reason why, when you purchase a Tobin Simplex, you get a "money-back" guarantee, that assures you of either perfect satisfaction, or the full purchase amount refunded without question. The other reason why we guarantee it is because of its excellent records in the field and at the traps. Priced from \$20 to \$210. At your dealer's, or send for our new catalogue.

All ready for Galt Shingles

Don't buy roofing from force of habit. Be progressive.

Make your new barn better than your old one—make your present one better than ever before—by putting on a roof of "Galt" Steel Shingles. The wood shingles of today can't give you satisfaction and are a constant expense. "Galt" Steel

Shingles make a permanent, storm-proof, fire-proof and lightning-proof roof that saves your money for you every year in protecting barn and stock, and in doing away with repairs.

"The Kids from Galt" will stick in your mind until you send for a free copy of our book "Roofing Economy". Better write for it today and get it off your mind. We'll send it by return mail.

Digging asphalt from Trinidad Lake

Genasco

the Trinidad-Lake-Asphalt Roofing

Don't you know why you ought to have Genasco on your roof instead of shingles, tin, tar, or ordinary "composition" roofings?

The Good Roof Guide Book tells all about it, and enables you to save money in the long run. Write for it, and ask for samples.

The Kant-leak Kleet is another thing you ought to know about. Write today.

This Cylinder Shows Why The "EUREKA" Root Cutter

is the best on the market. See how it is designed. Grooved knives, with the grooves on one blade opposite the teeth on the next. Instead of slicing or pulping, the "Eureka" turns out roots in shreds—thin narrow strips—

suitable for any kind of feeding. The "Eureka" shreds from one to two bushels a minute, and turns so easily that a child can operate it. In the "Eureka" the feed is kept free from dirt, the feeder bottom being made with iron rods, thus allowing all dirt to drop out before it can reach the shredding cylinder. The sloping form of the cylinder makes the machine a self-cleaner. Write for catalogue which explains fully.
