The World-Renowned

HOWE SEWING MACHINES

ARE THE OLDEST ESTABLISHED OF ANY IN THE WORLD,

They being the first Sewing Machines ever made, and having been manufactured continuously under the supervision of the Original Inventor, ELIAS HOWE, Jr., since their first introduction, in 1845.

The Howe Sewing Machines.

In range of work this Machine cannot be equalled. Will work equally well on thin or thick goods, from gauze to the heaviest beaver coatings, or even leather, without change of needle, tension or thread. We will warrant them to do this. Our fine work is equal to any, and our heavy work excels that of any other machine in the world.

This Machine makes the celebrated Lock-Stitch, the stitch invented by Mr. Howe, alike on both sides. The tensions are positive for both upper and lower thread. The shuttle tension is upon the thread as it leaves the shuttle, and not upon the bobbin, as in most machines; and this tension is invariable, whether the bobbin be nearly full or empty. It is obtained by turning a screw in the shuttle, and can be changed in a moment, without taking out the work, breaking the thread, or threading through holes.

What we claim in substance, is, that this is an HONEST machine, and, if put in your family, will do any and all of your work perfectly, will last a life-time, is a willing and ready servant, and is not subject to FITS.

Persons who have tried all machines are unanimous in declaring this to be the easiest learned of any in the market. In the majority of cases, our customers learn from the instruction book without further aid.

POINTS OF SUPERIORITY. SIMPLICITY AND PERFECTION OF MECHANISM. DURABILITY—WILL LAST A LIFE-TIME. RANGE OF WORK—WITHOUT PARALLEL.

POINTS OF SUPERIORITY. PERFECTION OF STITCH AND TENSION. EASE OF OPERATION AND MANAGEMENT. SELF-ADJUSTING TAKE-UP—ADJUSTABLE HEAD.

A FAMILY FAVORITE.—The Improved Howe Sewing Machine has changed the drudgery of family sewing into a pleasant pastime. It runs very lightly; never gets out of order; is easily managed; is almost noiseless, and is the best and most convenient machine in use. Call and see it.

HISTORY OF THE SETTLEMENT OF UPPER CANADA, (ONTARIO.)

BY WM. CANNIFF, M.D., M.R.C.S.E.

The only complete work of the kind yet published.

From the Toronto Globe.

We thank Dr. Canniff for the patient industry with which he has compiled this volume, and trust that the sale of it will be such as to show that his efforts have not been unappreciated.

From the Christian Guardian.

It has the rare honour of occupying a ground not previously cultivated, the author being the first to write a work of the kind. The design of the work is well calculated to excite curiosity, and its contents cannot fail to interest and instruct the reader.

All orders sent to the Office of the CANADIAN MAGAZINE, will be promptly attended to.
