CONFERENTIAL VOTES OF THANKS

A considerable amount of time is annually expended by the British Conference in the passage of thanks-giving resolutions services to it during the year preceding. In ago were in full accordance with those set large. connection with each such resolution several the verge of heaven. highly eulogistic speeches are commonly

made. There is something to be said in favour of this custom. The services in question are generally valuable and sometimes difficult and laborious. Many of them are performed gratuitously or for remuneration not proportioned to their onerousness. Under these circumstances, it would seem that the least the Conference could well do would be to thank the gentlemen laying it under obligation. It may also be said that the formal presentation of The printer must be a good Christian as the thanks of the Conference to its officials well as a skilful mechanic, for the little year after year is calculated to stimulate to book is creditable to both the Church and

faithfulness those who serve it.

were James Dixon, Elijah Hoole, and Synod; there is but a small sum reported Thomas Vasey, though some others, also up to 1872, \$2,730. Our own annual income for this object is \$2,490, while the capital of the Fund is nearly \$53,000. ourned as dead, were men of mark. ENGLISH CONFERENCE. From the Methodist Re order's report of p

THURSDAY, AUG. 1. The President said it would be well for

he Conference to conclude the business of future how the previous session ; and called upon The Secretary to read the Address of the French Conference, which assembled this year in Paris. It explained that for pur-

poses chiefly of economy it had been resol-ved in 1870, to try for six years the possibility of working their system with a Conerence held only every alternate year. It eferred to the fearful storm through which the French nation had passed, and to the oils among the soldiers and prisoners which some of the ministers had engaged during the war, and to their sufferings and A. W. N.

dangers. It spoke further of the present difficulties with which the Methodist Church in France has to contend, from the poverty FREDERICTON FINANCIAL DISof its members, the unscrupulous oppositi of a reviving Popery, and scepticism more decided and daring than ever. It stated

that, notwithstanding these difficulties, they tions. In the number of members there cluding brother Barnley, could tell you; sessions; Mr. T. B. Stephenson to consider was a slight increase. Two candidates for he ministry had been received. Pressing appeals to establish churches were addresed to them from various parts of the country. The Address further expressed grati-tude that the English Conference had authorised the making of special collections in the different circuits on behalf of the French work. The Rev. E. F. Cook had been nominated President for the next two years Messrs, W. B. Boyce, W. B. Pope, and J. Hartley were appointed a sub-committee o prepare a suitable reply. The answer of the Conference of Eastern

British America to the Address of the British Conference was read : Theirs was in some parts pioneer work; in other places they had commodious churches which were in a very prosperous state. They still believed in the full and plenary inspiration of the Scriptures, and in a full and free salva-

fluence exercised in Canada by the Metion. Their home mission work was most iufluential. Two aged brethren had died thodist Church. The churches there are spacious, and, I was informed, well attendduring the year. They needed more min-isterial agency, and had a fine field for any ed ; and the ministers, as you have learned rom the figures, are very numerous in proyoung man who came out well recommend

Point de Bute, N. B. Circuit Intelligence.

ALBERTON, P. E. I.-Bro, Levi S. Johnson writes, Aug. 7th, 1872: I arrived sately and minable circuit, which has more preaching places than there are days in the week; and the advantages it afforded the Free Church these might, I presume, be increased to as at home in comparison with our own dis many more. We expect to commence a new church here in Alberton immediately, and have the outside, at least, finished this autumn. The country for many miles around is remarkably level, and marks of improvement are everywhere visible. The land, which slmost entirely free from stone and very fertile. is being rapidly taken up for agricultural purposes, and in a hundred years, more or less, this part of the Island will very favorably com

its baneful curse.

pete with the oldest and best farming districts of the lower provinces. Alberton, a smart, thriving little village. the desire felt by every minister assisting at od, the amount raised for Foreign Mission well represented by government officials, is the terminus of the soon-to-be-completed railroad. and is destined soon to become a place of considerable commercial importance. But rum, that opponent to all virtue and right, is now

Liberality should have banks as well streams, say some. True; but even the banks Licensed groggeries are a disgrace to Christendom, and a withering blight upon the prosshould be green and velvet. When we can-

members were connected with "that Conference, and this year 1,191 were reported as being ou trial for membership. During the year 2,701 infant baptisms had been cele-brated, and 160 adult baptisms. The schools contained some 18,000 scholars. man who I hope we shall see before very Altogether, therefore, there was in that long in England-Dr. Nelles. (Cheers.) Altogether, therefore, there was in that The Convocation was quite a brilliant af-Conference very much of earnestness, and fair, and some friends from England were undoubtedly there would be very great propresent. Among the rest the Rev. T. Bowman Stephenson, who is himself cause was advancing very successfully. He

with the intensity

felt interested in that cause, because he behem some good advice, which I lieved he was the first person who had suggested to them the propriety of holding public home missionary meetings, and extending the cause in that way. (Hear, They were doing a great deal for went there, received a substantial amount tators. themselves, and bye-and-bye they would,

no doubt, declare themselves free from any dependence upon this country. The refe-rence in the address to the withdrawal of Government aid from denominational edu-

cation had placed them in some embarrass ment, but the Conference came to the unanimous resolution that they would carry on their schools although they got no help for doing so. They considered that education should be conducted upon Christian principles, and they further said that "the in sidious efforts of the enemies of the Cross to subvert the principles of Christianity ren-der the subject of education one that must

commend itself to every enlightened mind and philanthrophic heart." The establishments at Mount Allison had suffered : but they were raising among themselves an en-

dowment fund to supply the deficiency. (Hear, hear.) They spoke very highly the pleasure imparted to them by the visit of Dr. Punshon from Canada. The great where our late brother labored, and the re- subject before the Conference was the question of union with the Conference of Canpose of procuring a suitable monument to ada. That question had so far advanced his memory. Let remittances of any, even that they expected ere long to have propo sals for that union placed before There was in that country a very fine opening for intelligent, industrious young men, such young men as had been describe last night. About twenty young men were

needed at once, and he hoped that number at least would be fortheoming. Messrs. W. Williams (A.,) Dr. Rigg. and J. V. B. Shrewsbury, were appointed a sub-committee to prepare a reply to the Address.

The Address of the Australasian Confer ence was next read : Sixteen had been or dained after passing through the usual probation, and 19 admitted on trial. There had been no deaths in their ministry in the year. Their collegiate institutions were a

great success. They had untortunately a decrease of 174, but did not wish to alter the conditions of membership. They thought have fairly got to work, on this almost inter- that pastoral visitation and attention to and pride at their connection with Old Sunday-schools should have more time devoted to them. They had missions in distant islands, where the native converts were remarkably steadfast. They regretted that they would still have to be dependent upon help from England for carrying on some of as President for the next year. It these missions. Mr. Cox on his way to China, had rendered great service to them in examining candidates for the ministry among the Chinese emigrants there, and some of the latter had been converted under his preaching. He wanted to have colonial yearly conferences in different parts, instead of their present General Conference, since it was impossible over an area larger than

the Continent of Europe for laymen, unless Punshon himself is very much in favor of quish his work for a season, through failing they lived near the Conference town, to take part in any of the proceedings of the Conference. Messrs. W. Arthur, W. B. Boyce, W

Shaw, W. Butters, and W. Hirst were appointed to prepare a reply.
